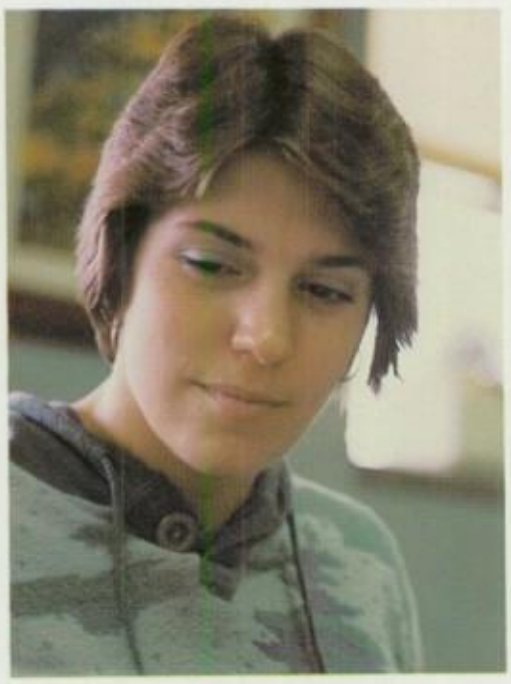
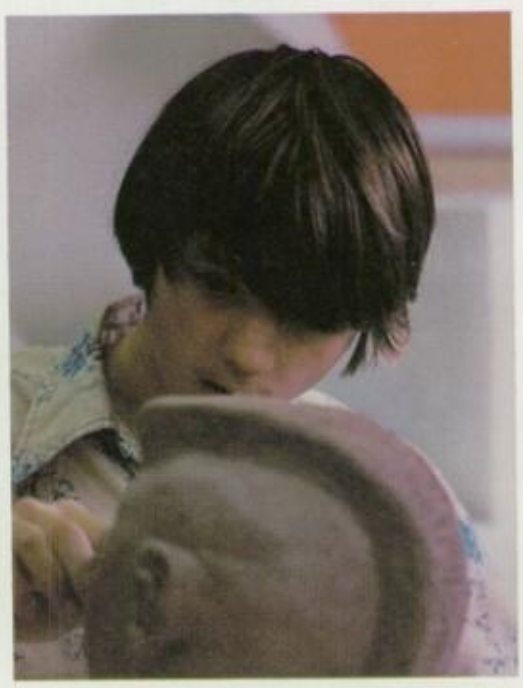
AIRLOG SEVENTY-SIX

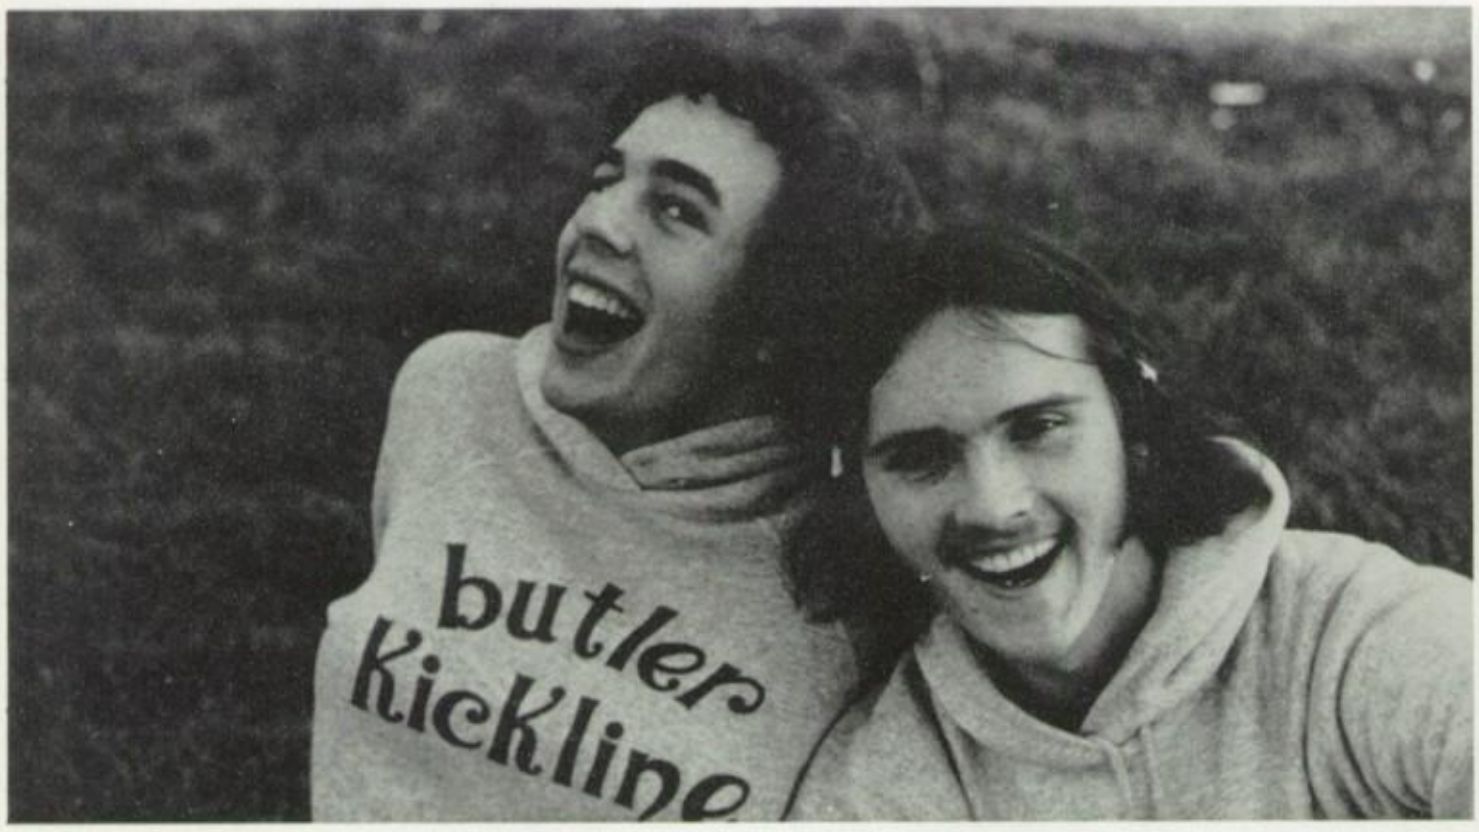




Butler High School • Vandalia, Ohio • Volume XXIII •

Welcome, class of '78,'
spend a couple of hours
getting acquainted with the rules
of the new establishment —
get that first look
at your class schedule —
take a tour
around the building
try to figure out
where everything is.
Next, a softball game,
a picnic and rock concert!
It's Butler's way of saying
welcome sophomores!

It's September, 1975. The big yellow buses pull up and school opens. Late morning sign-ins begin already. New students were treated to a "Get Acquainted Party". In the spirit of the times, our opening assembly saluted the Bicentennial with a rock tribute to history through the talents of "Freedom Jam."



Homecoming Activities

Those final days before homecoming are filled with a special excitement. Powder-puff becomes a test of speed and agility as the senior and junior girls fight for the big win. Afterwards, everyone joins in and links hands for the snake-dance and bonfire.

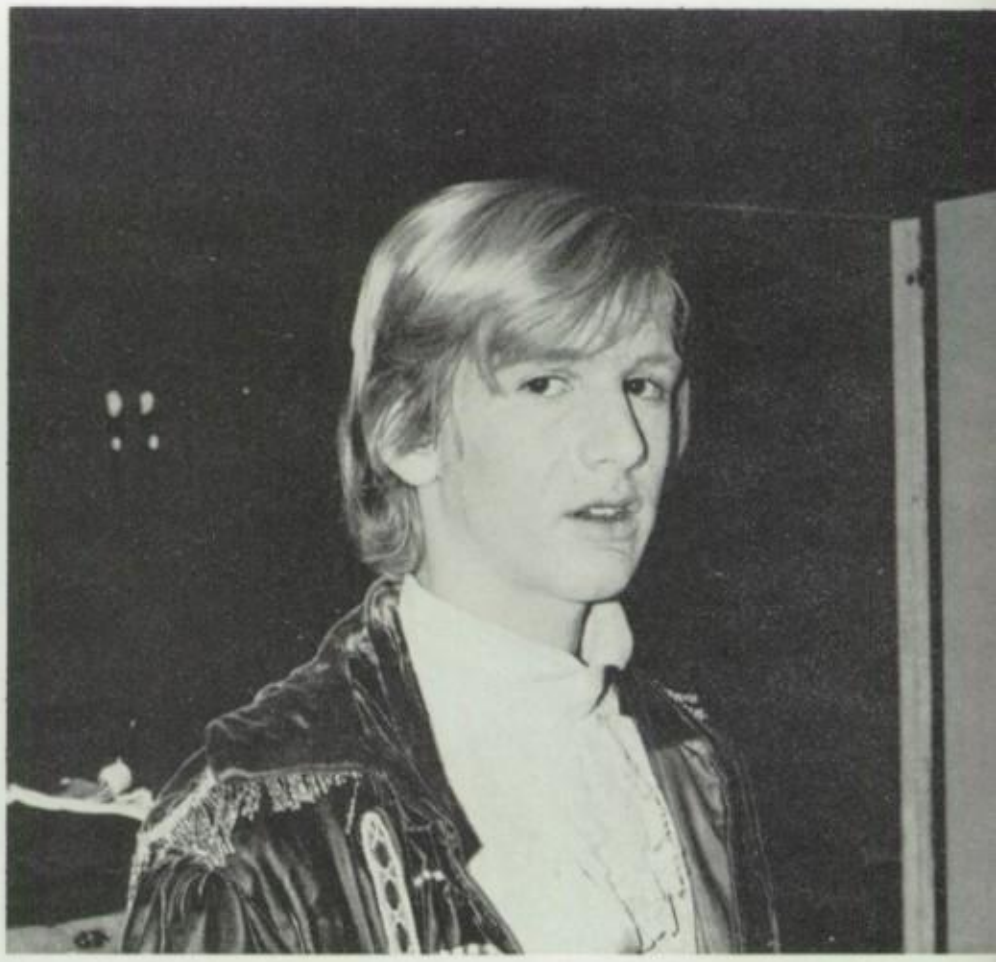
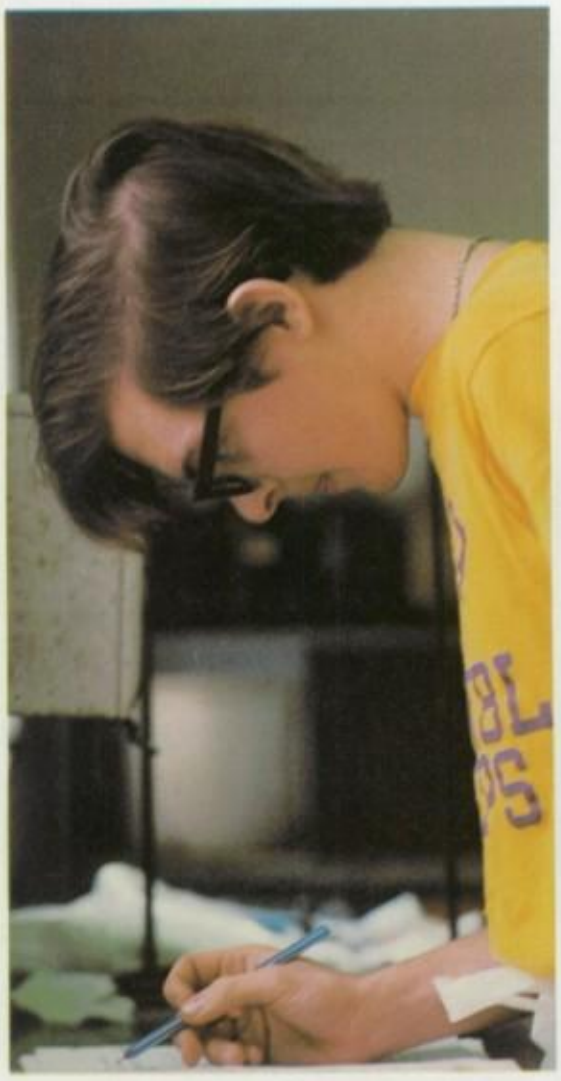
Get some good 45's, turn on the psychedelics, and let everybody "bump." Later, the fun continues as everybody heads for the action at the Pizza Hut.

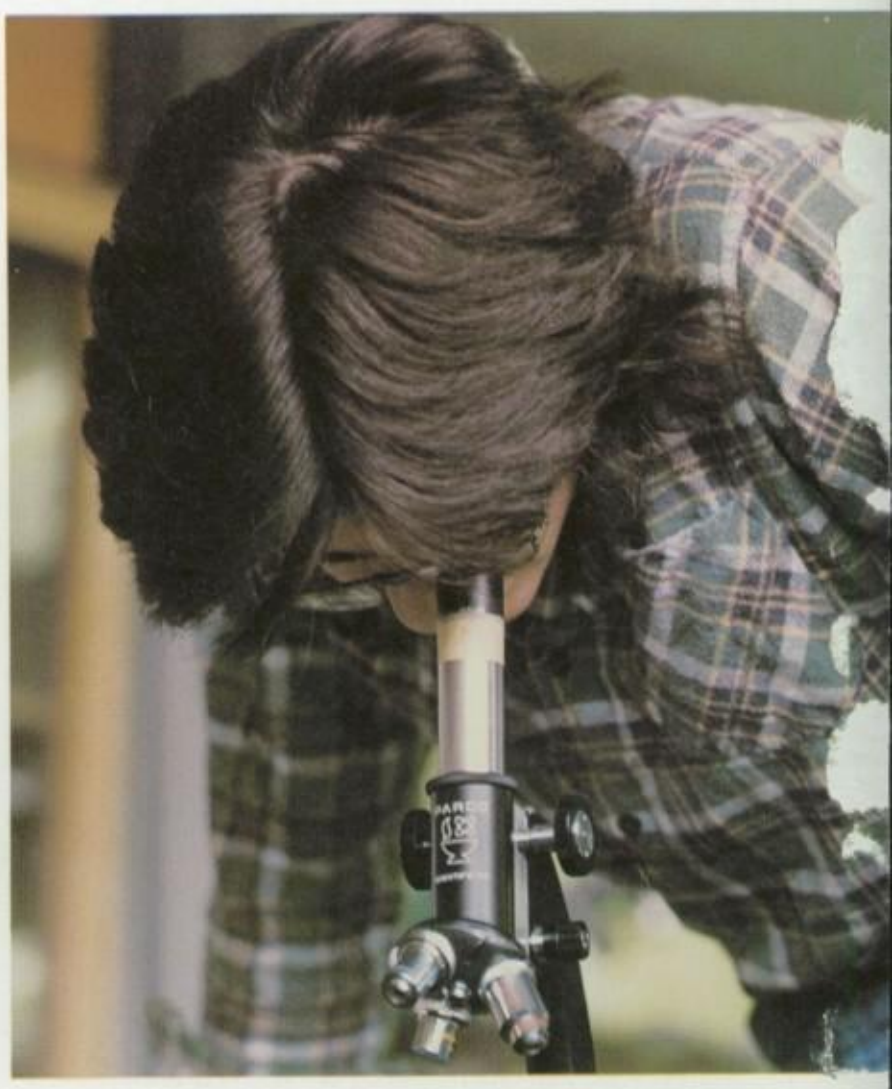


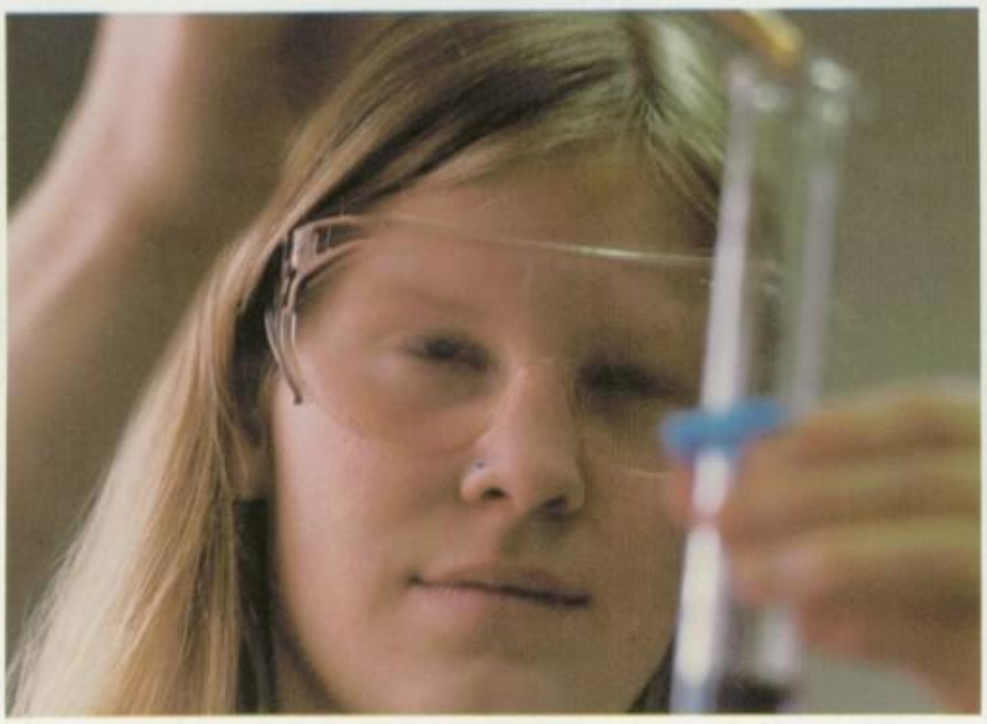
The Imaginary Invalid

Mix together one crazy cast, add a comedy script, top it off with dinner before the show, and you have Thespians presentation, "The Imaginary Invalid"

Under the direction of Mr. John Kuhns, cast members consisted of: Argon/Mike Rader, Toinette/Carmellia Cline, Angelique/Roni Middleton, Monsieur Fleurant/Ken Shoemaker, Beline/Pam Benjamin, Monsieur de Bonnefoi/Jay Harber, Cleante/Chuck Johnson, Monsieur Diafairus/Ken Locke, Thomas Diafairus/Don Wagner, Louison/Jeannie Webster, Beralde/Bret Wagner, Monsieur Purgon/Tony Beadle.

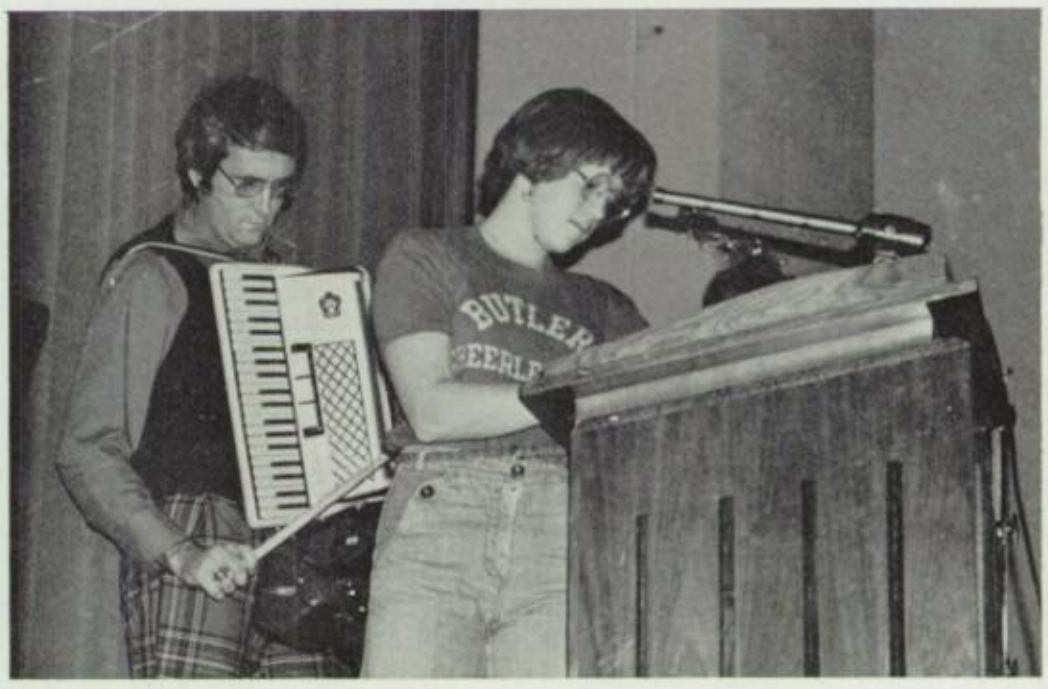


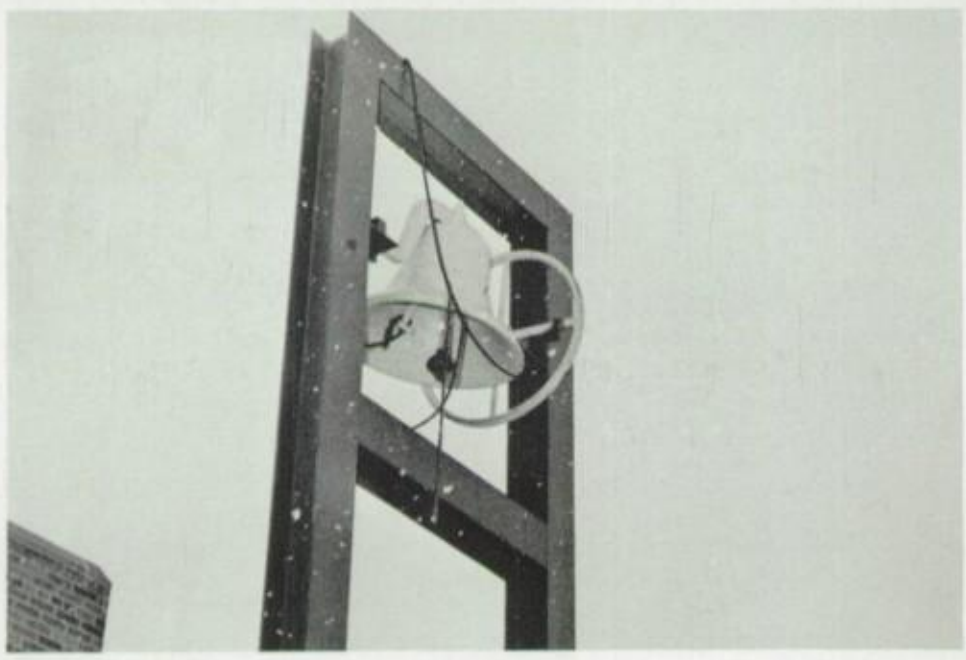




Senior Xmas Assembly

Xmas is the magical combination of lights and laughter. Begin with funny skits, add the tradition of the faculty band, bring in the love of little children, and you have the senior Christmas Assembly.





Winter

The only way to endure those dreary winter days is to get outside. Throw snowballs! Plan a ski trip. Make your own snowman. Grab a blanket and wrap up inside, nice and warm. But most importantly, wait patiently, as we always do, for those first signs of spring.

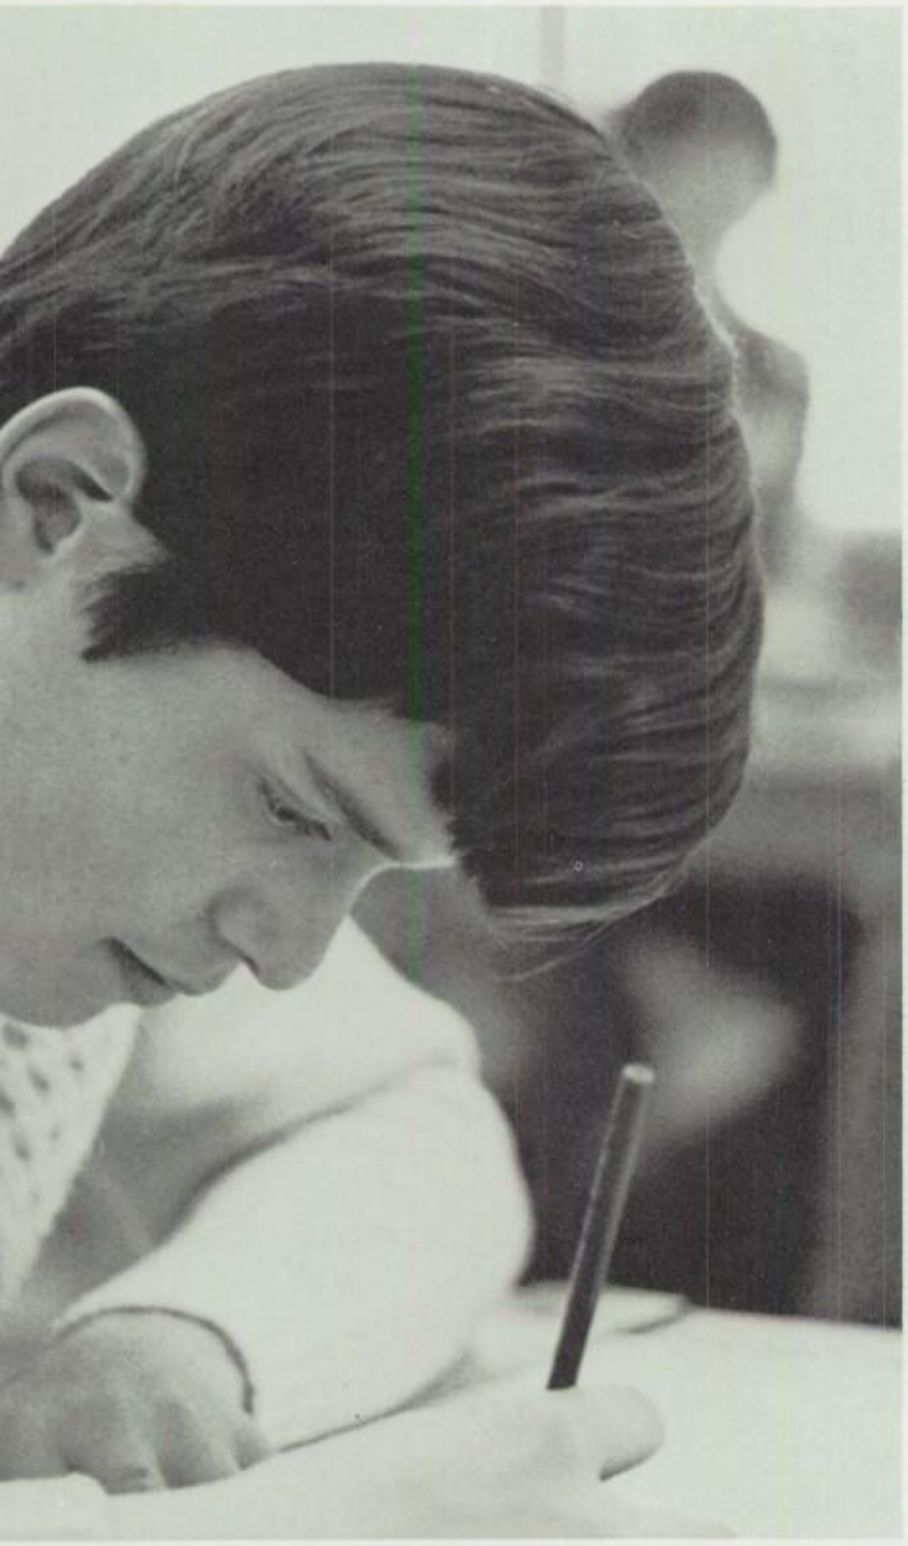
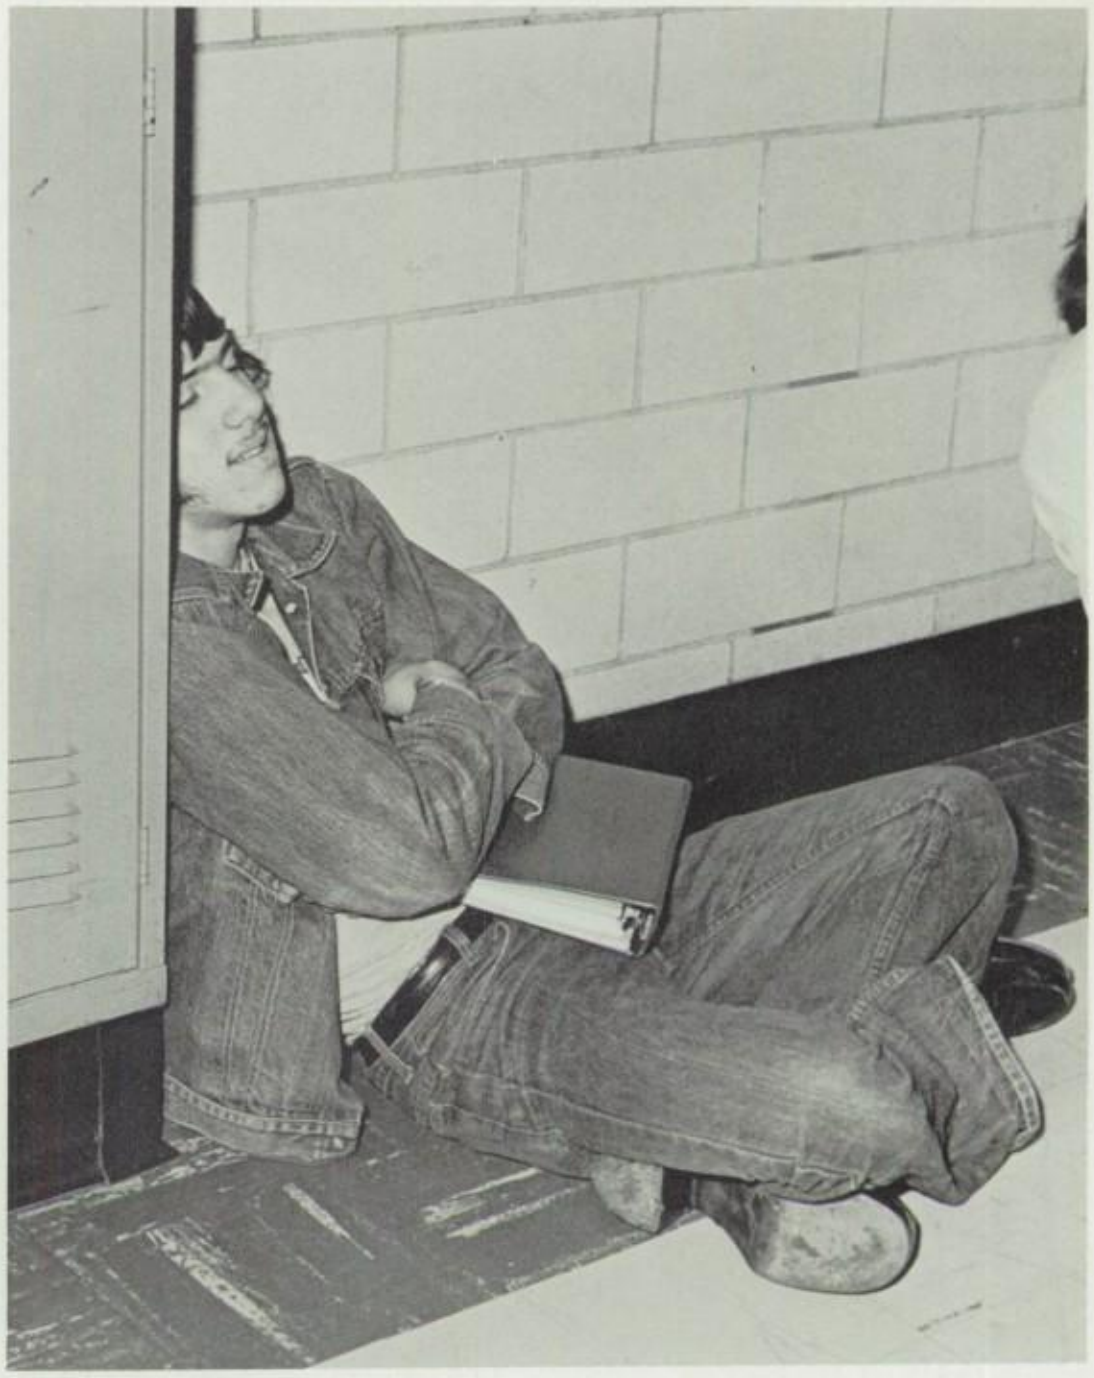
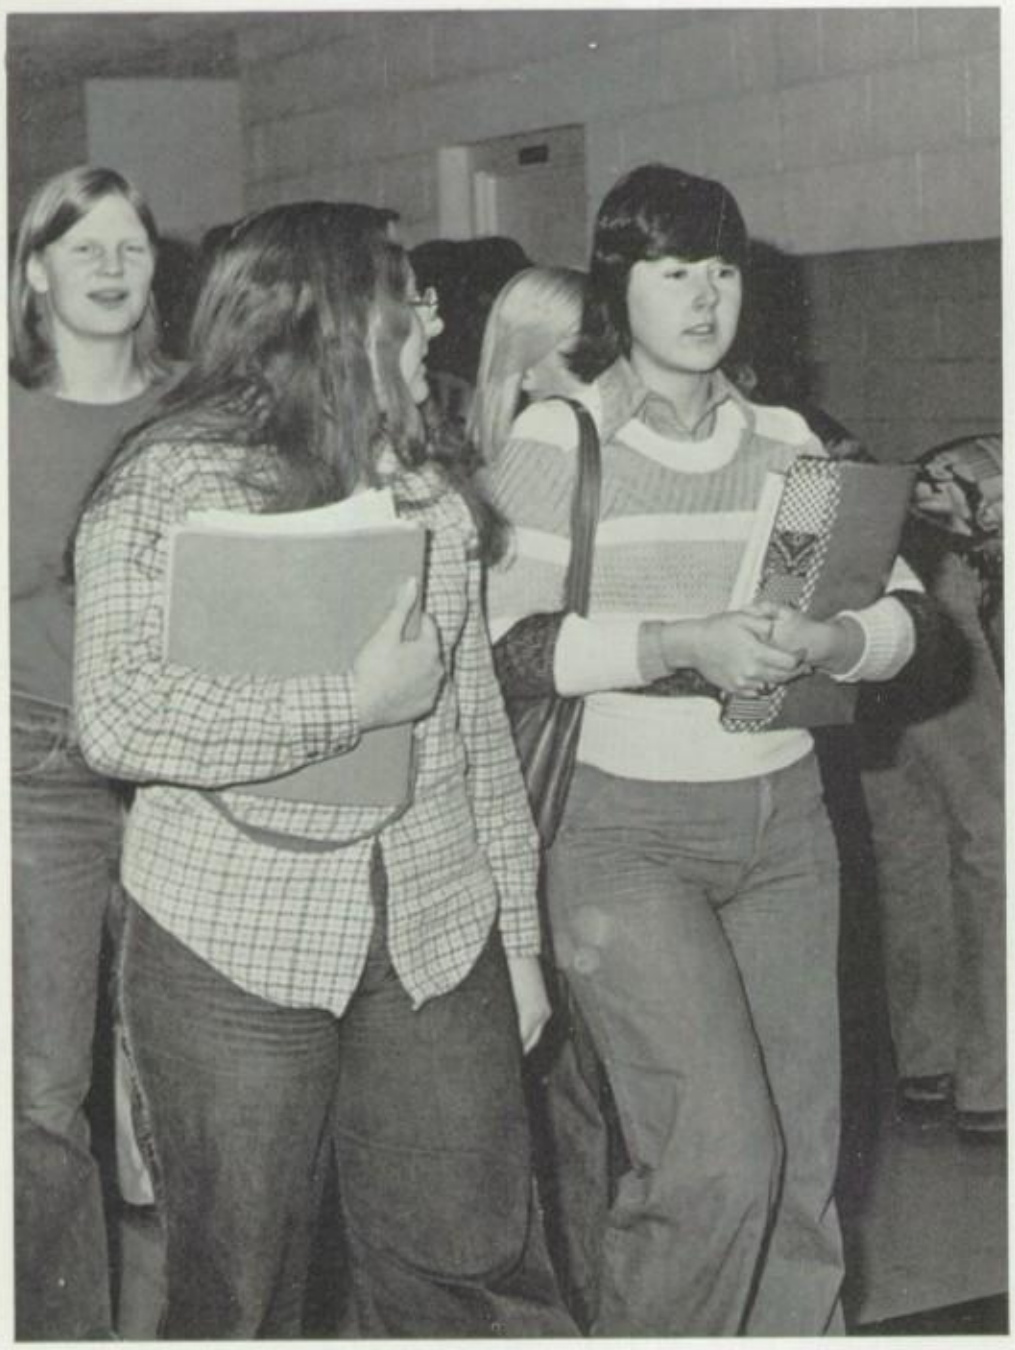
The Daily Grind

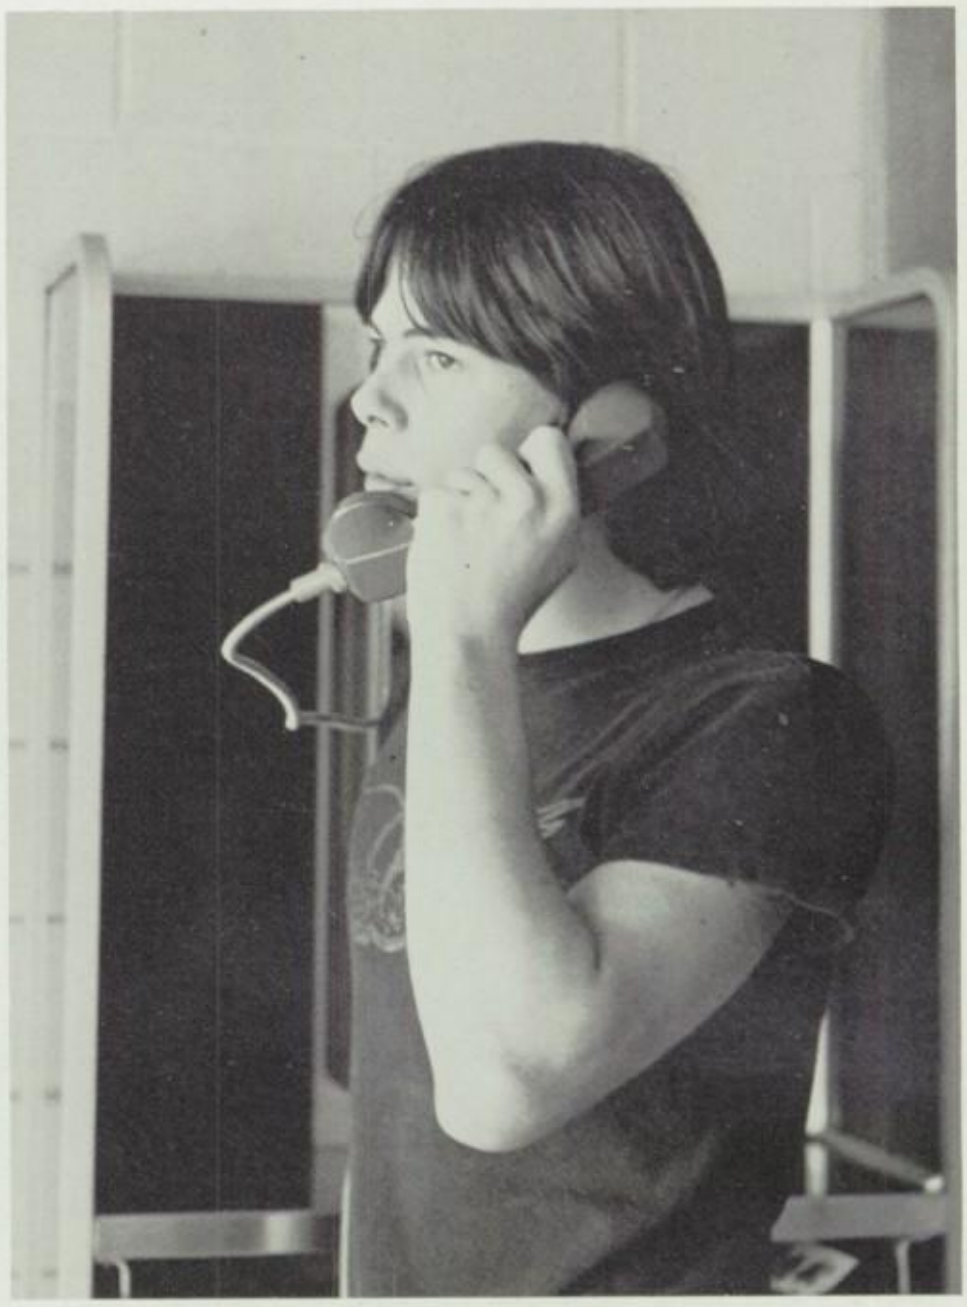
The important part of the school day are the classes, the studying and learning that takes place. For most, that means cracking the books every day, day after day. All that work can tire a guy out. An afternoon snooze will remedy those blues . . . . . .

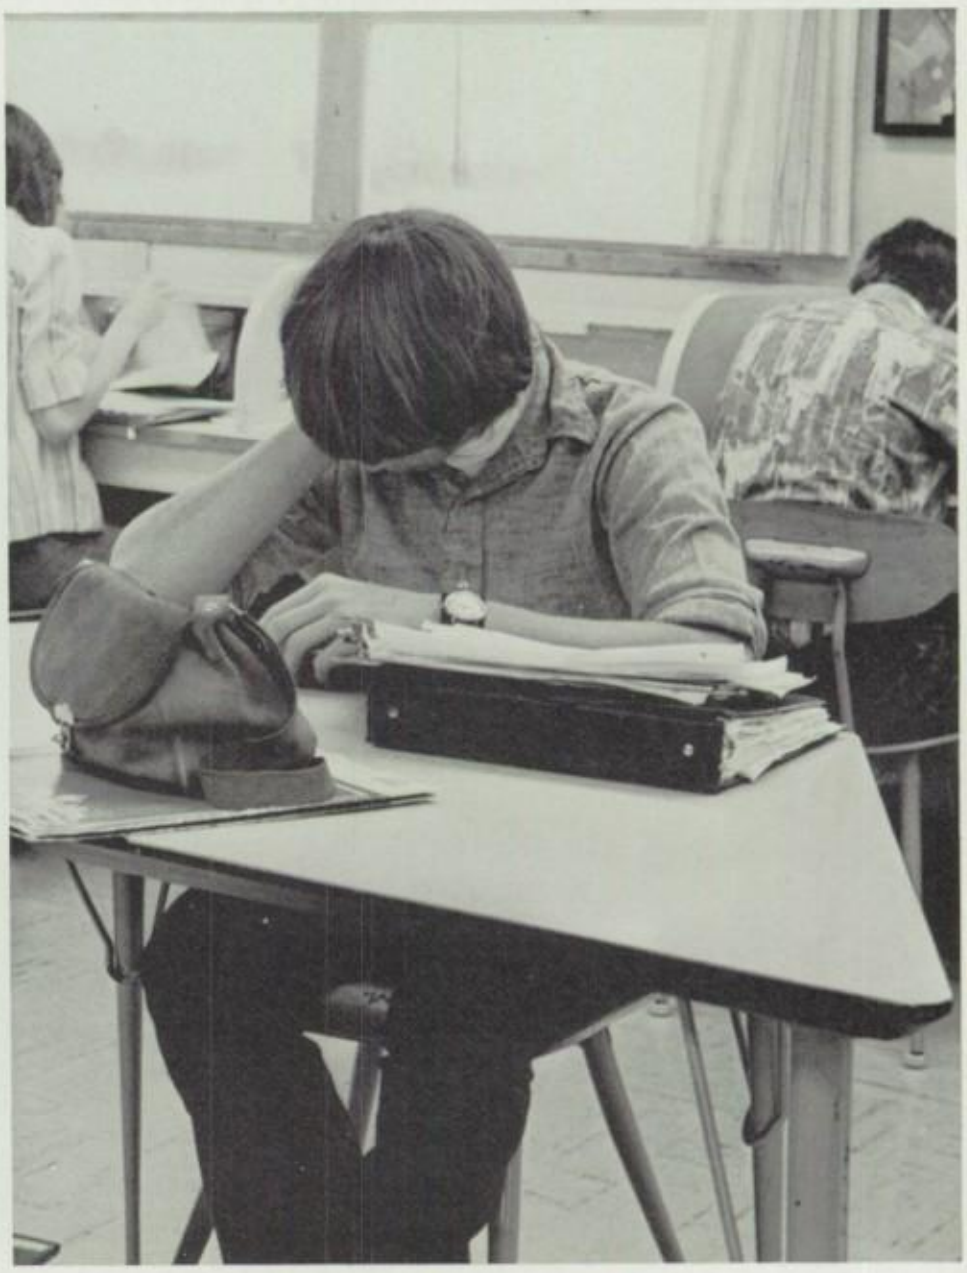


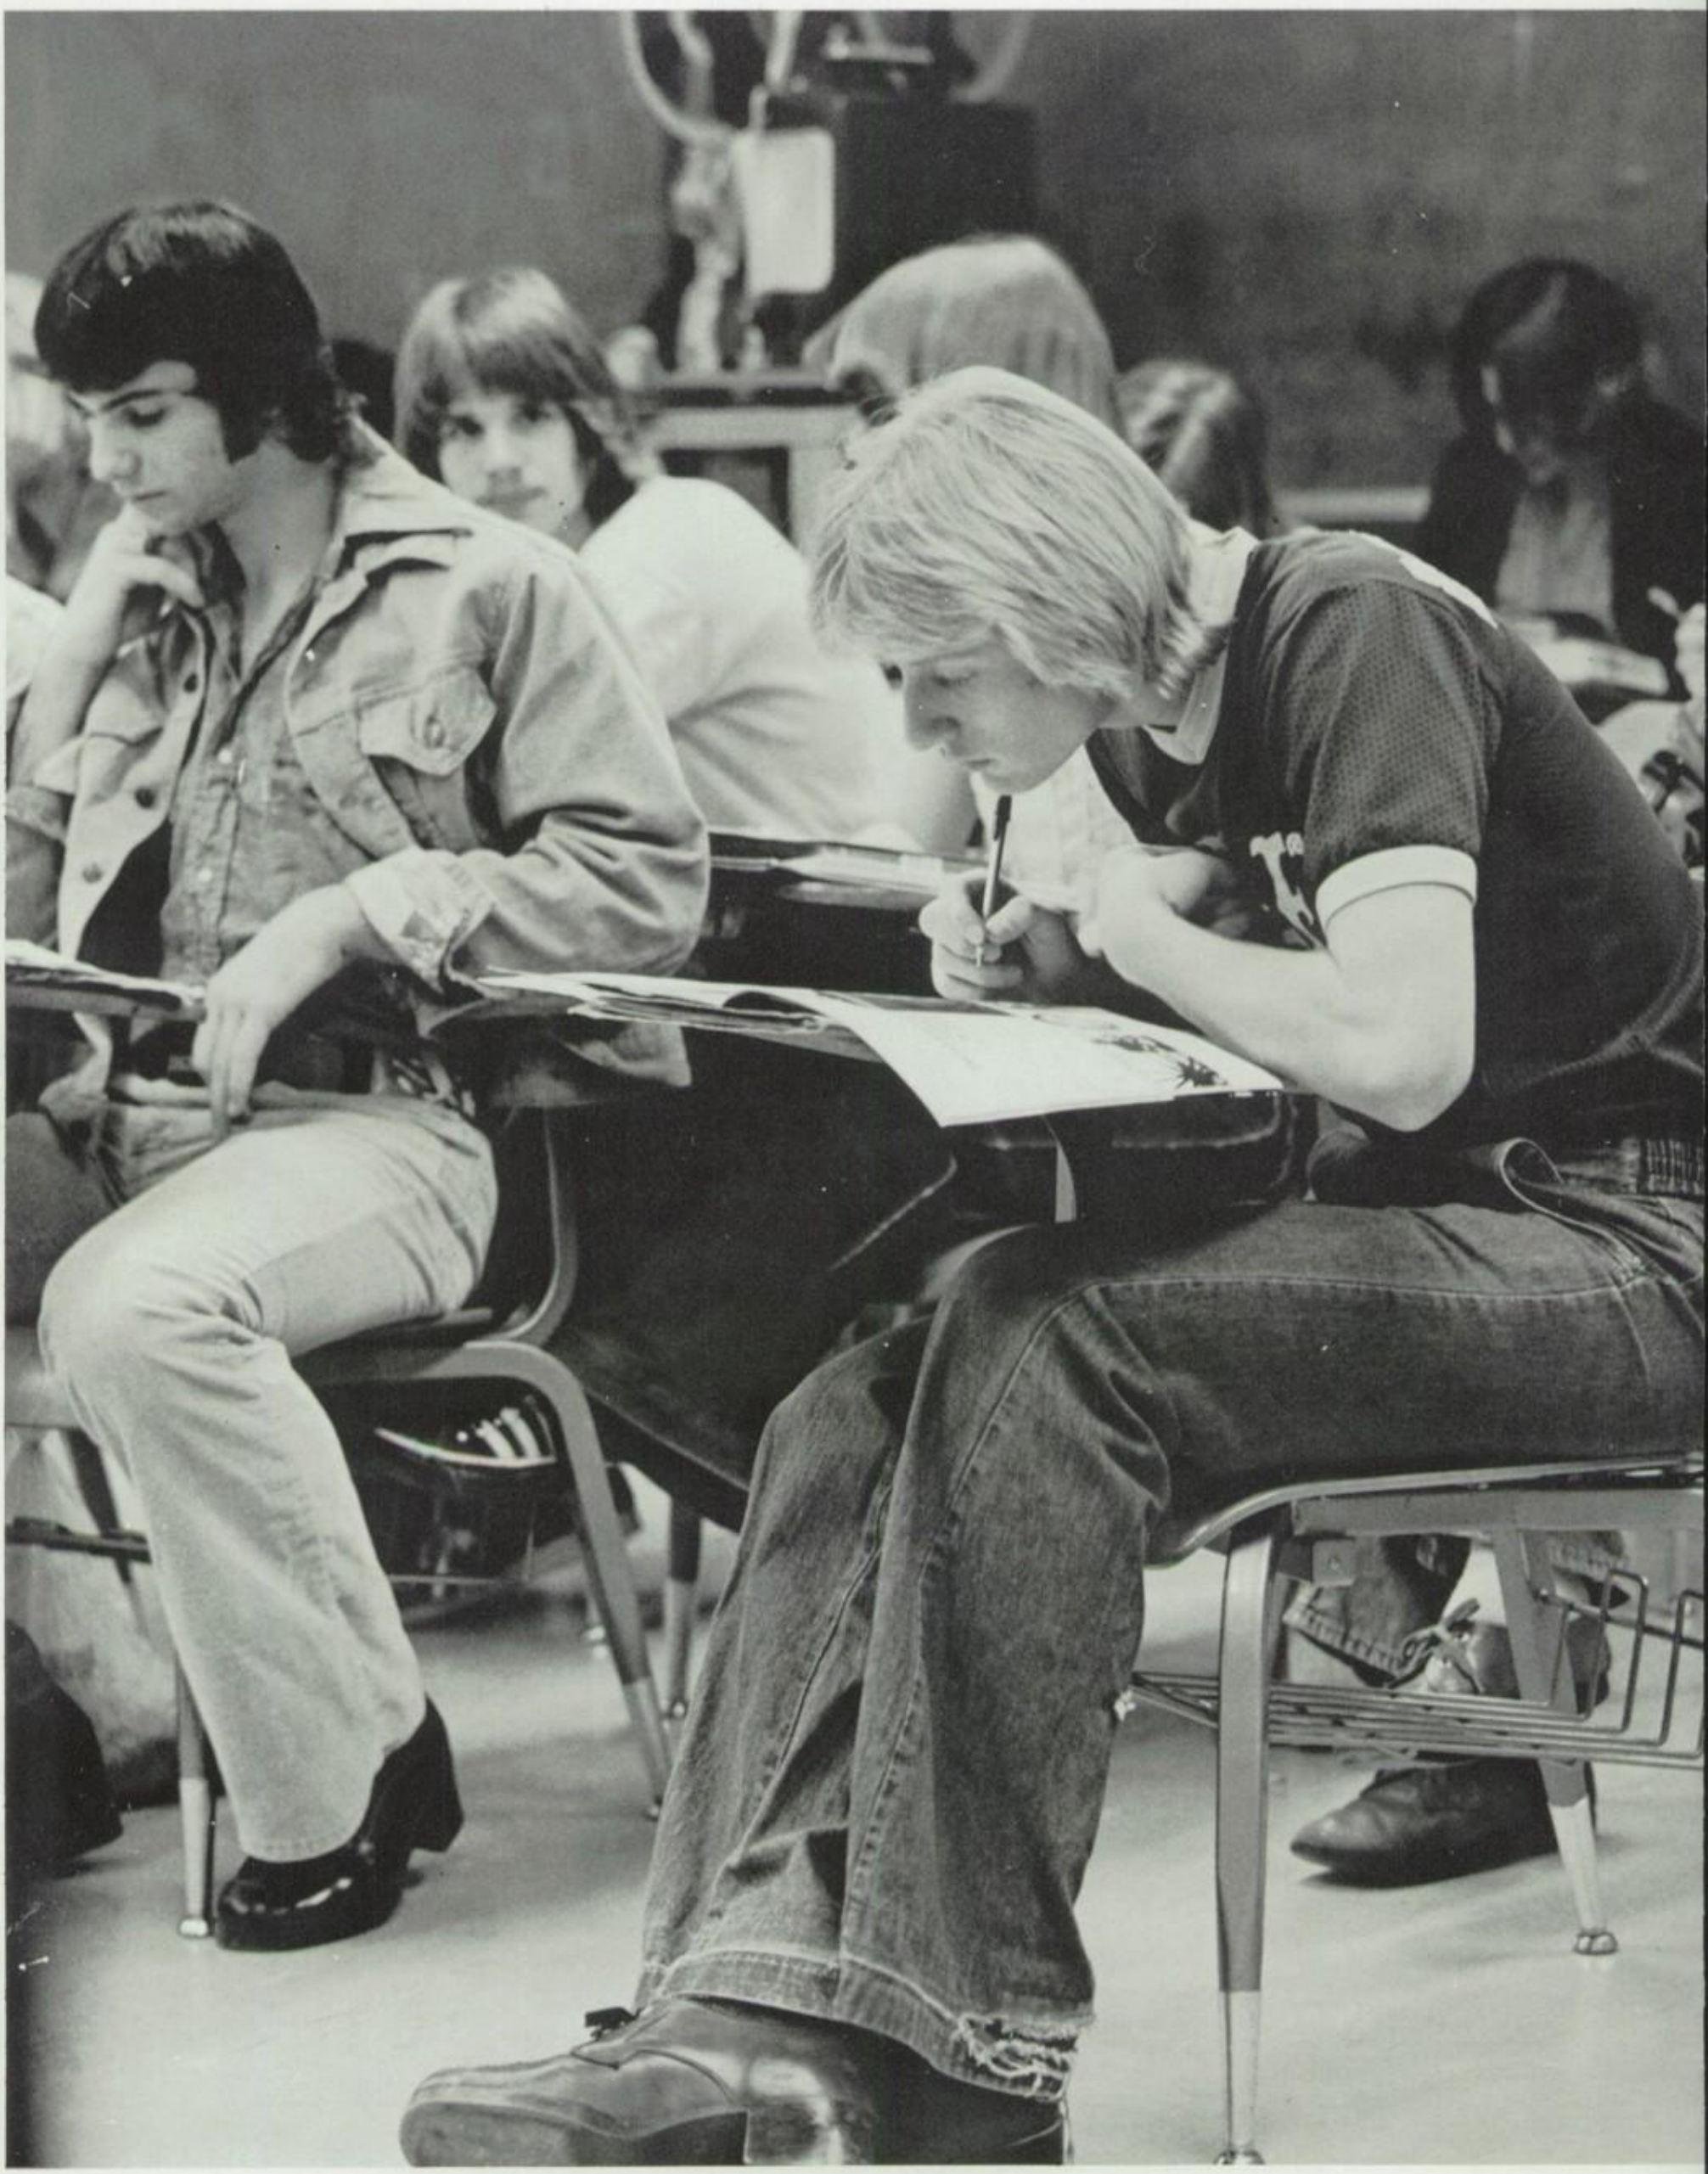


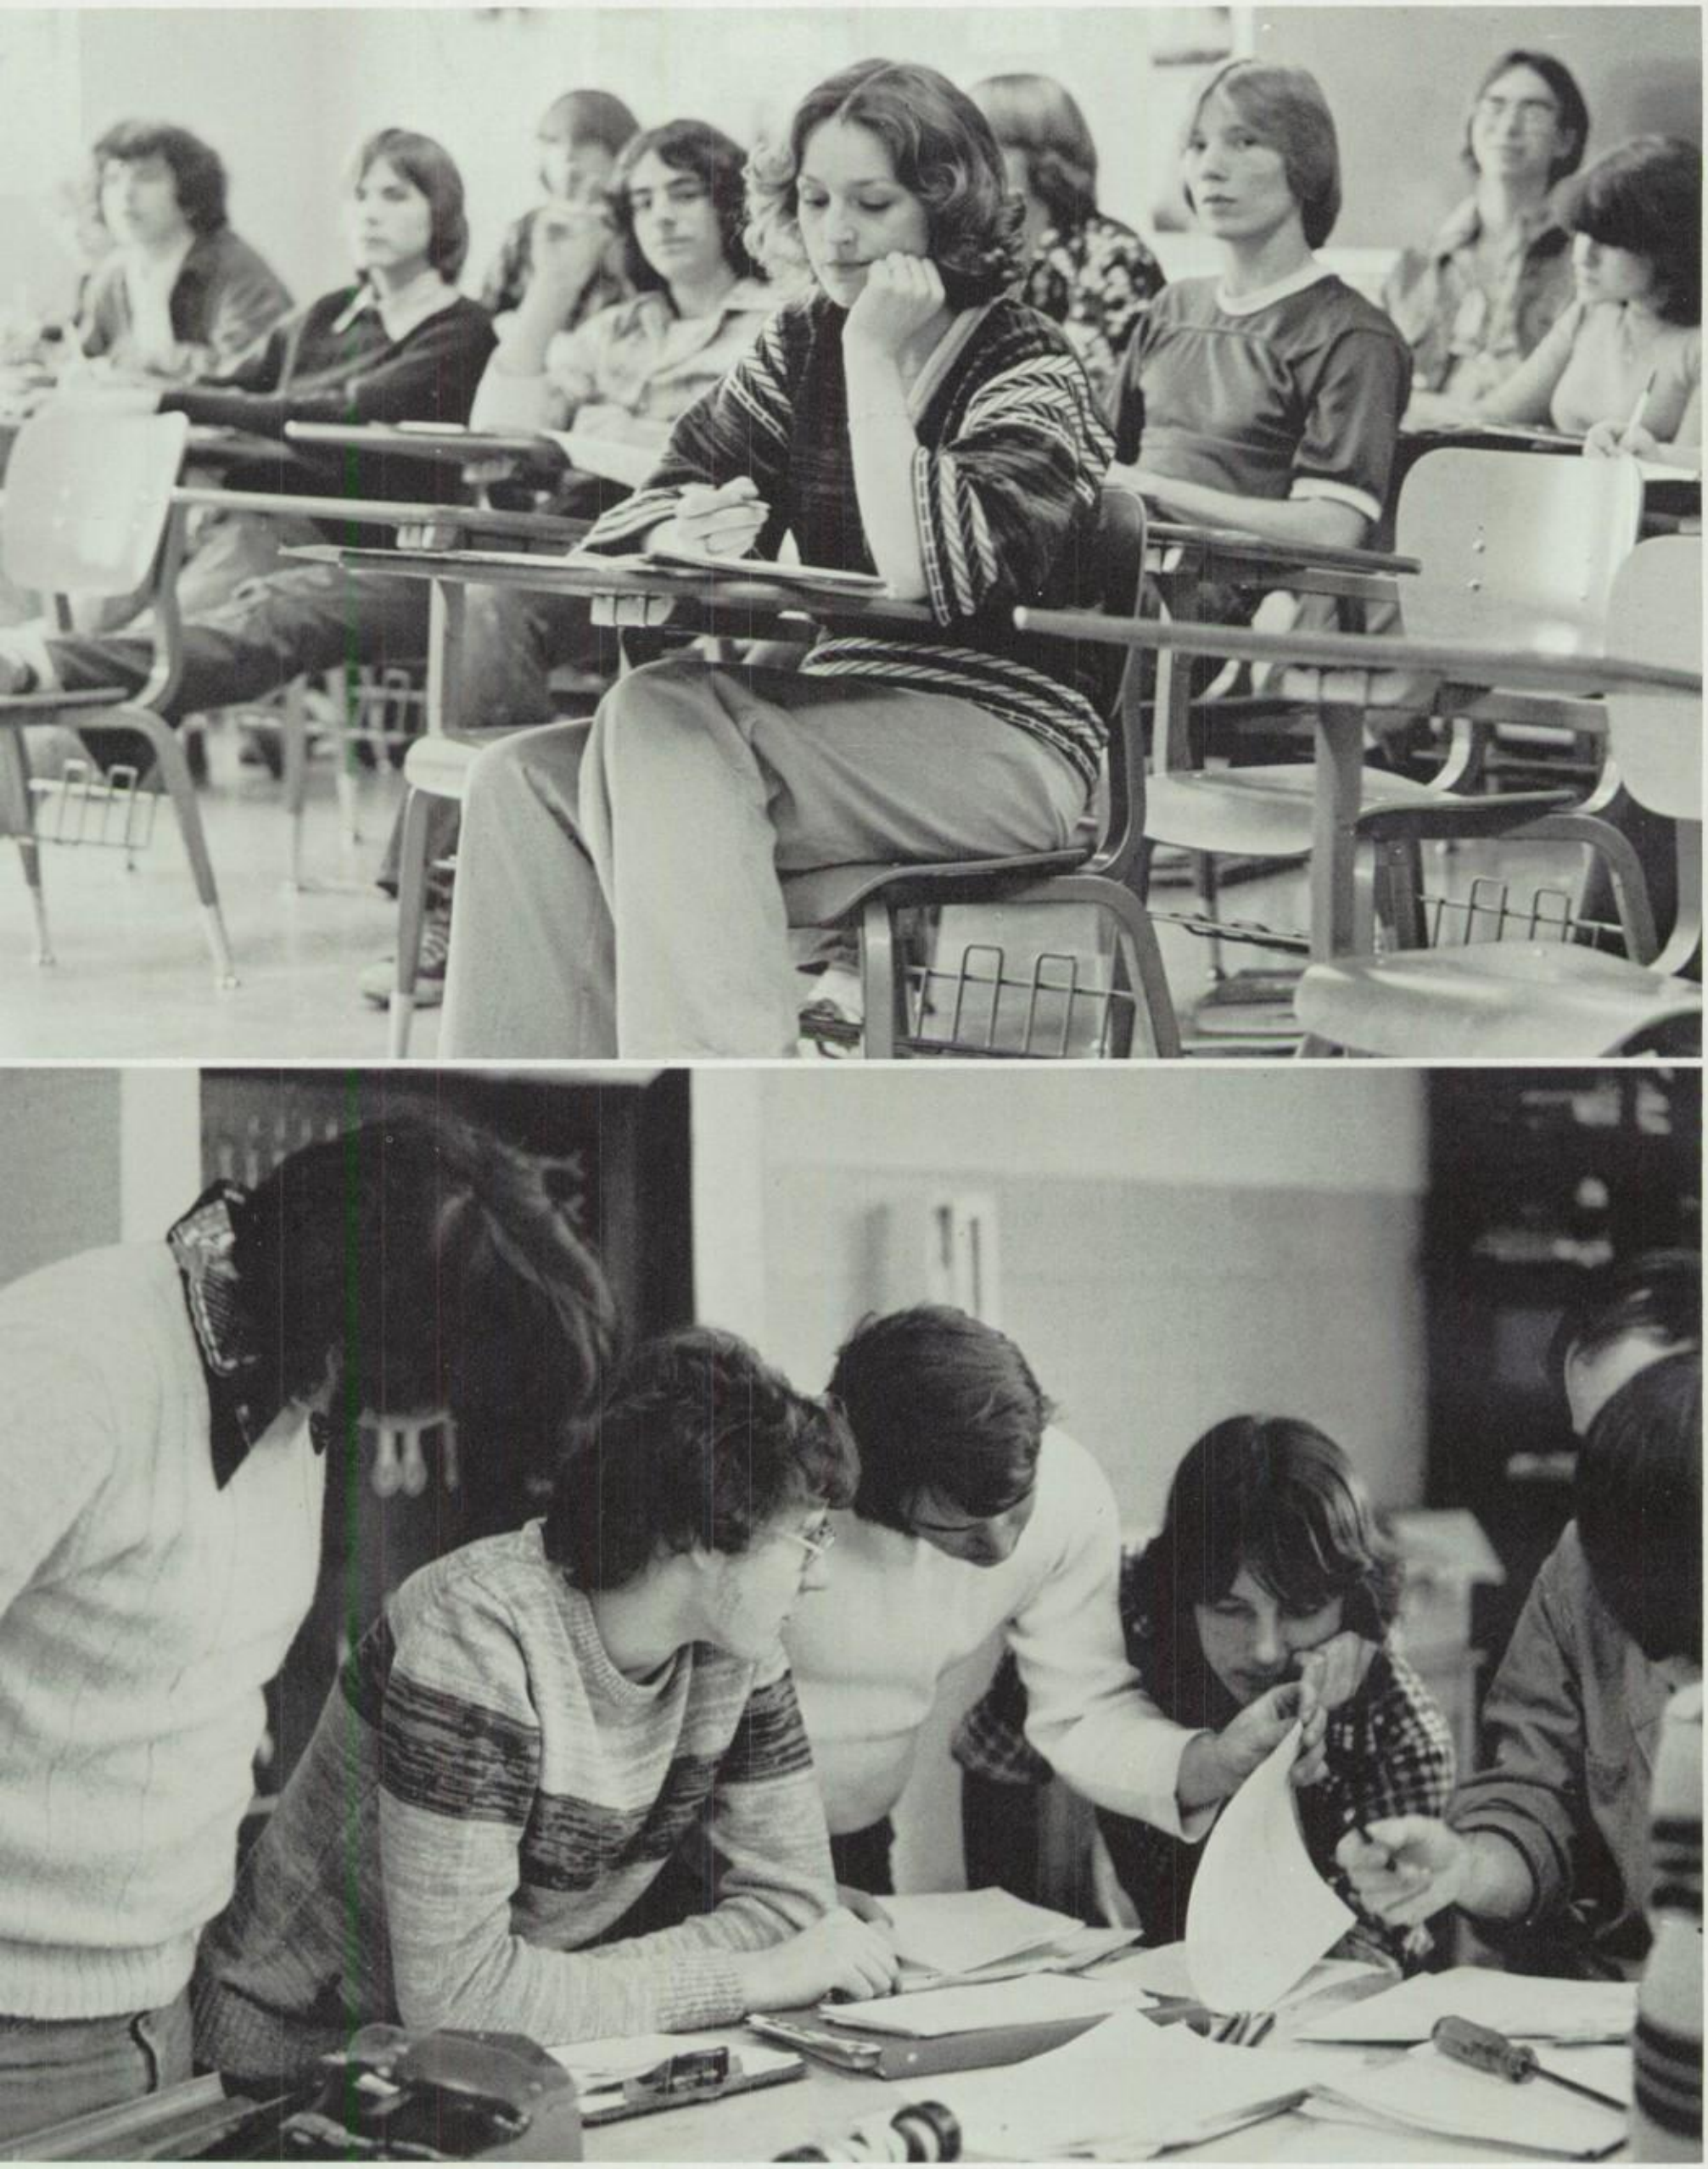
ELECTRONIC
TUNE-



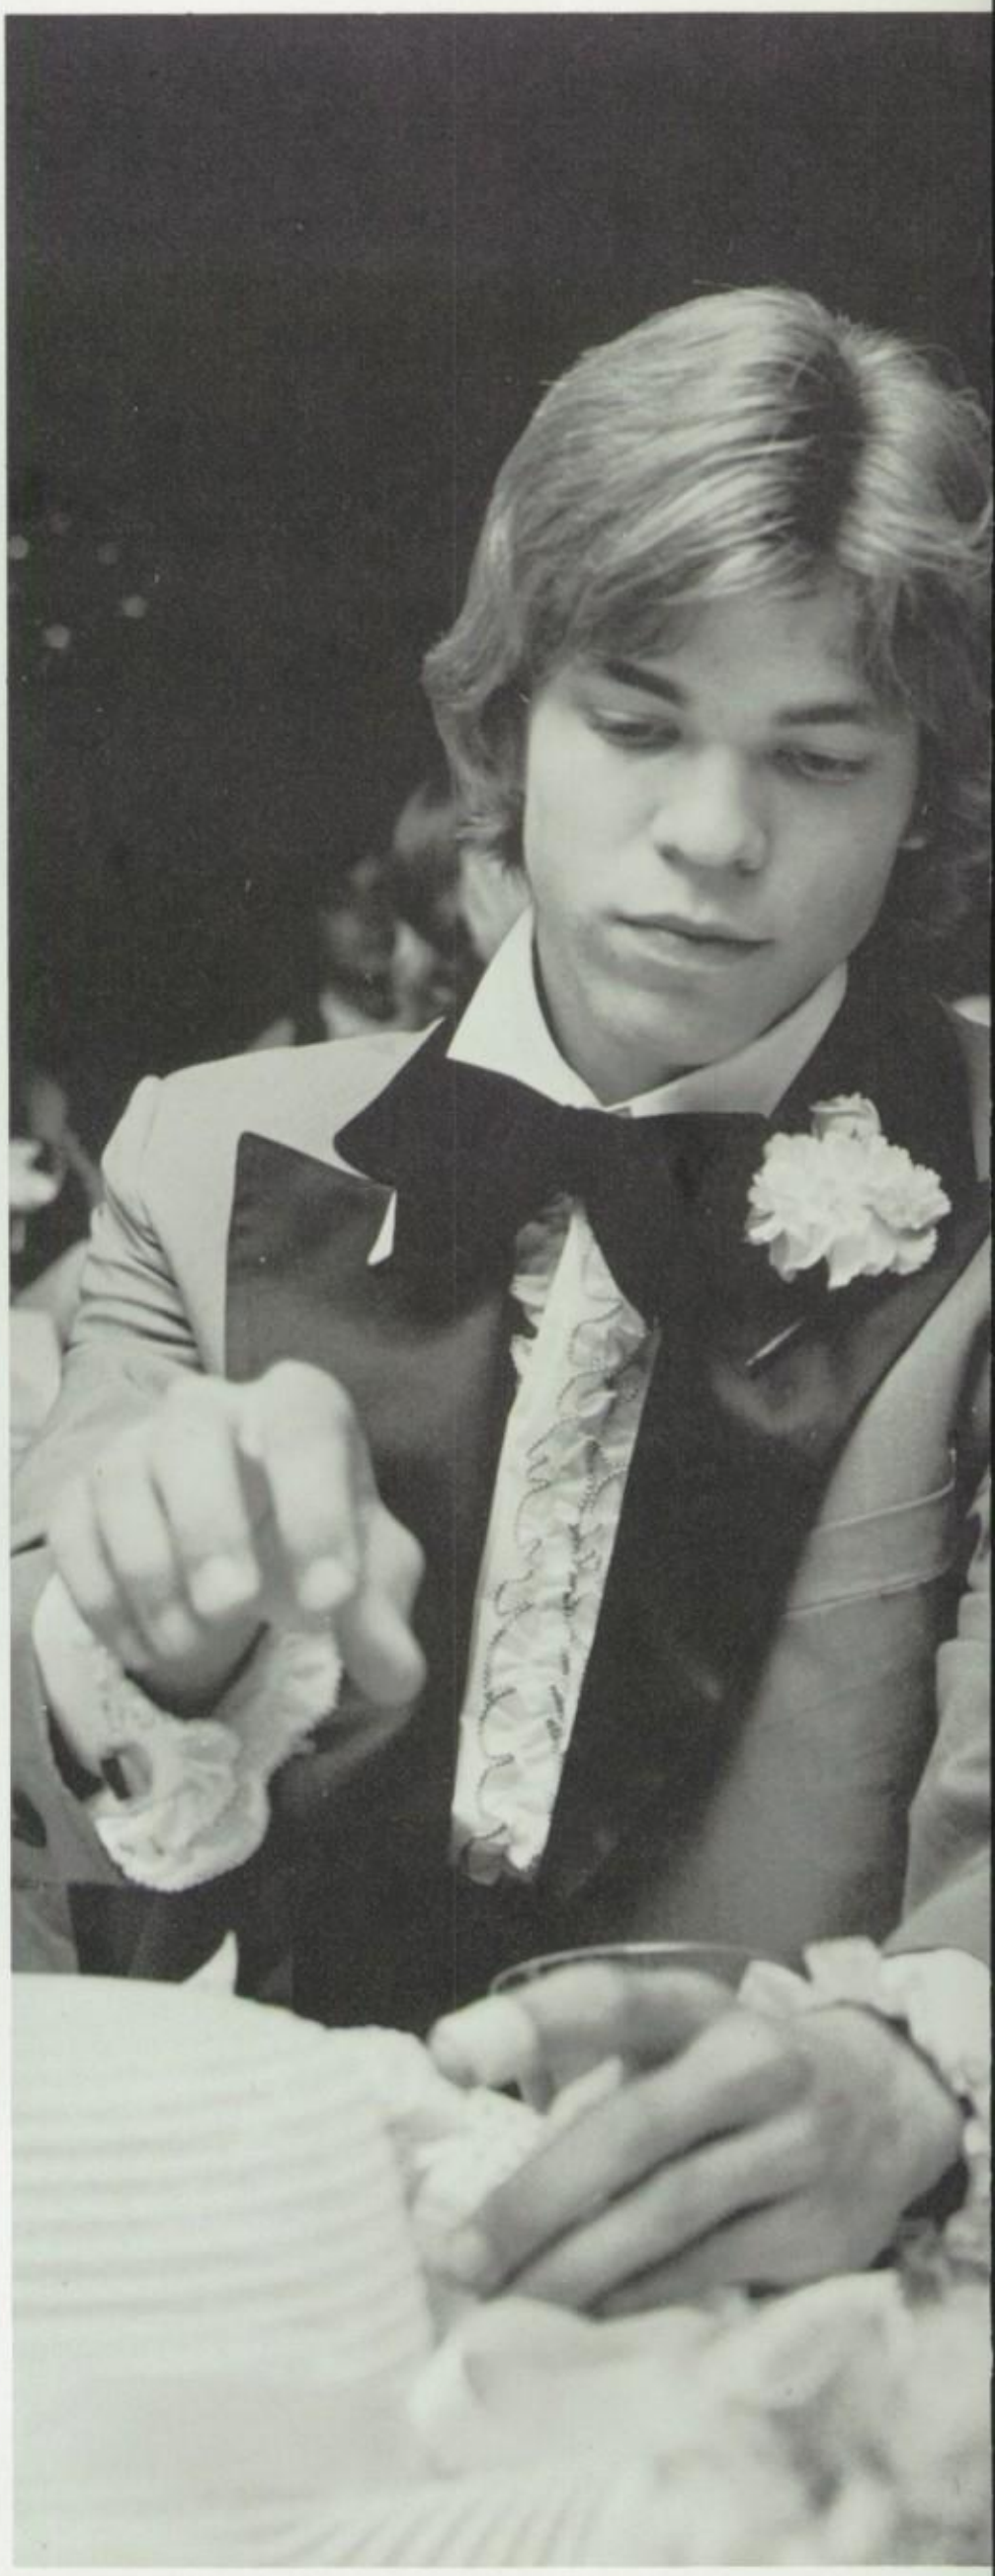




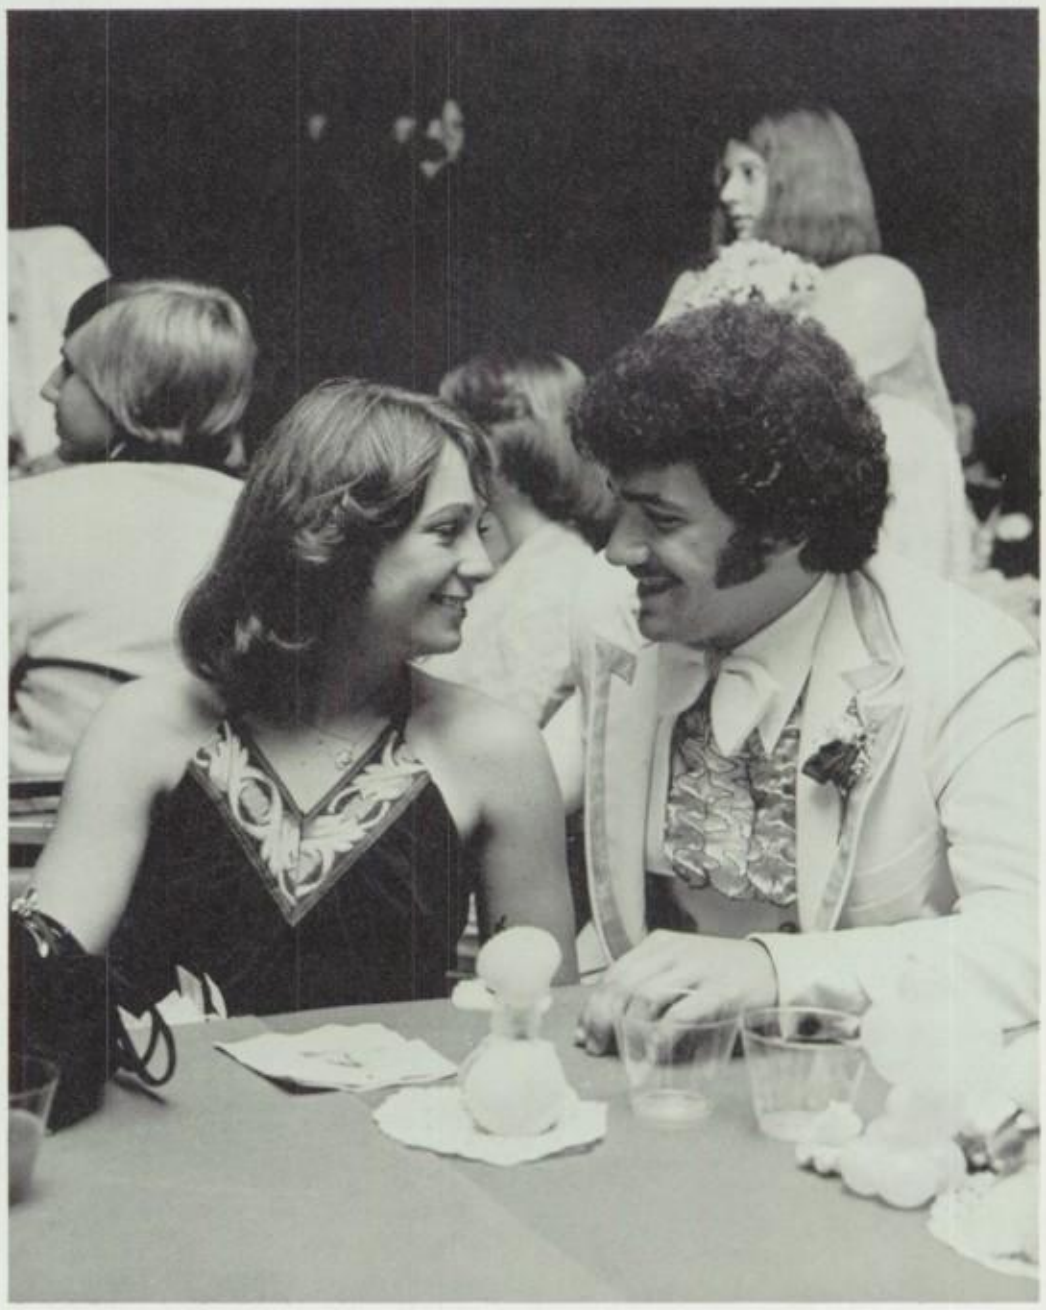


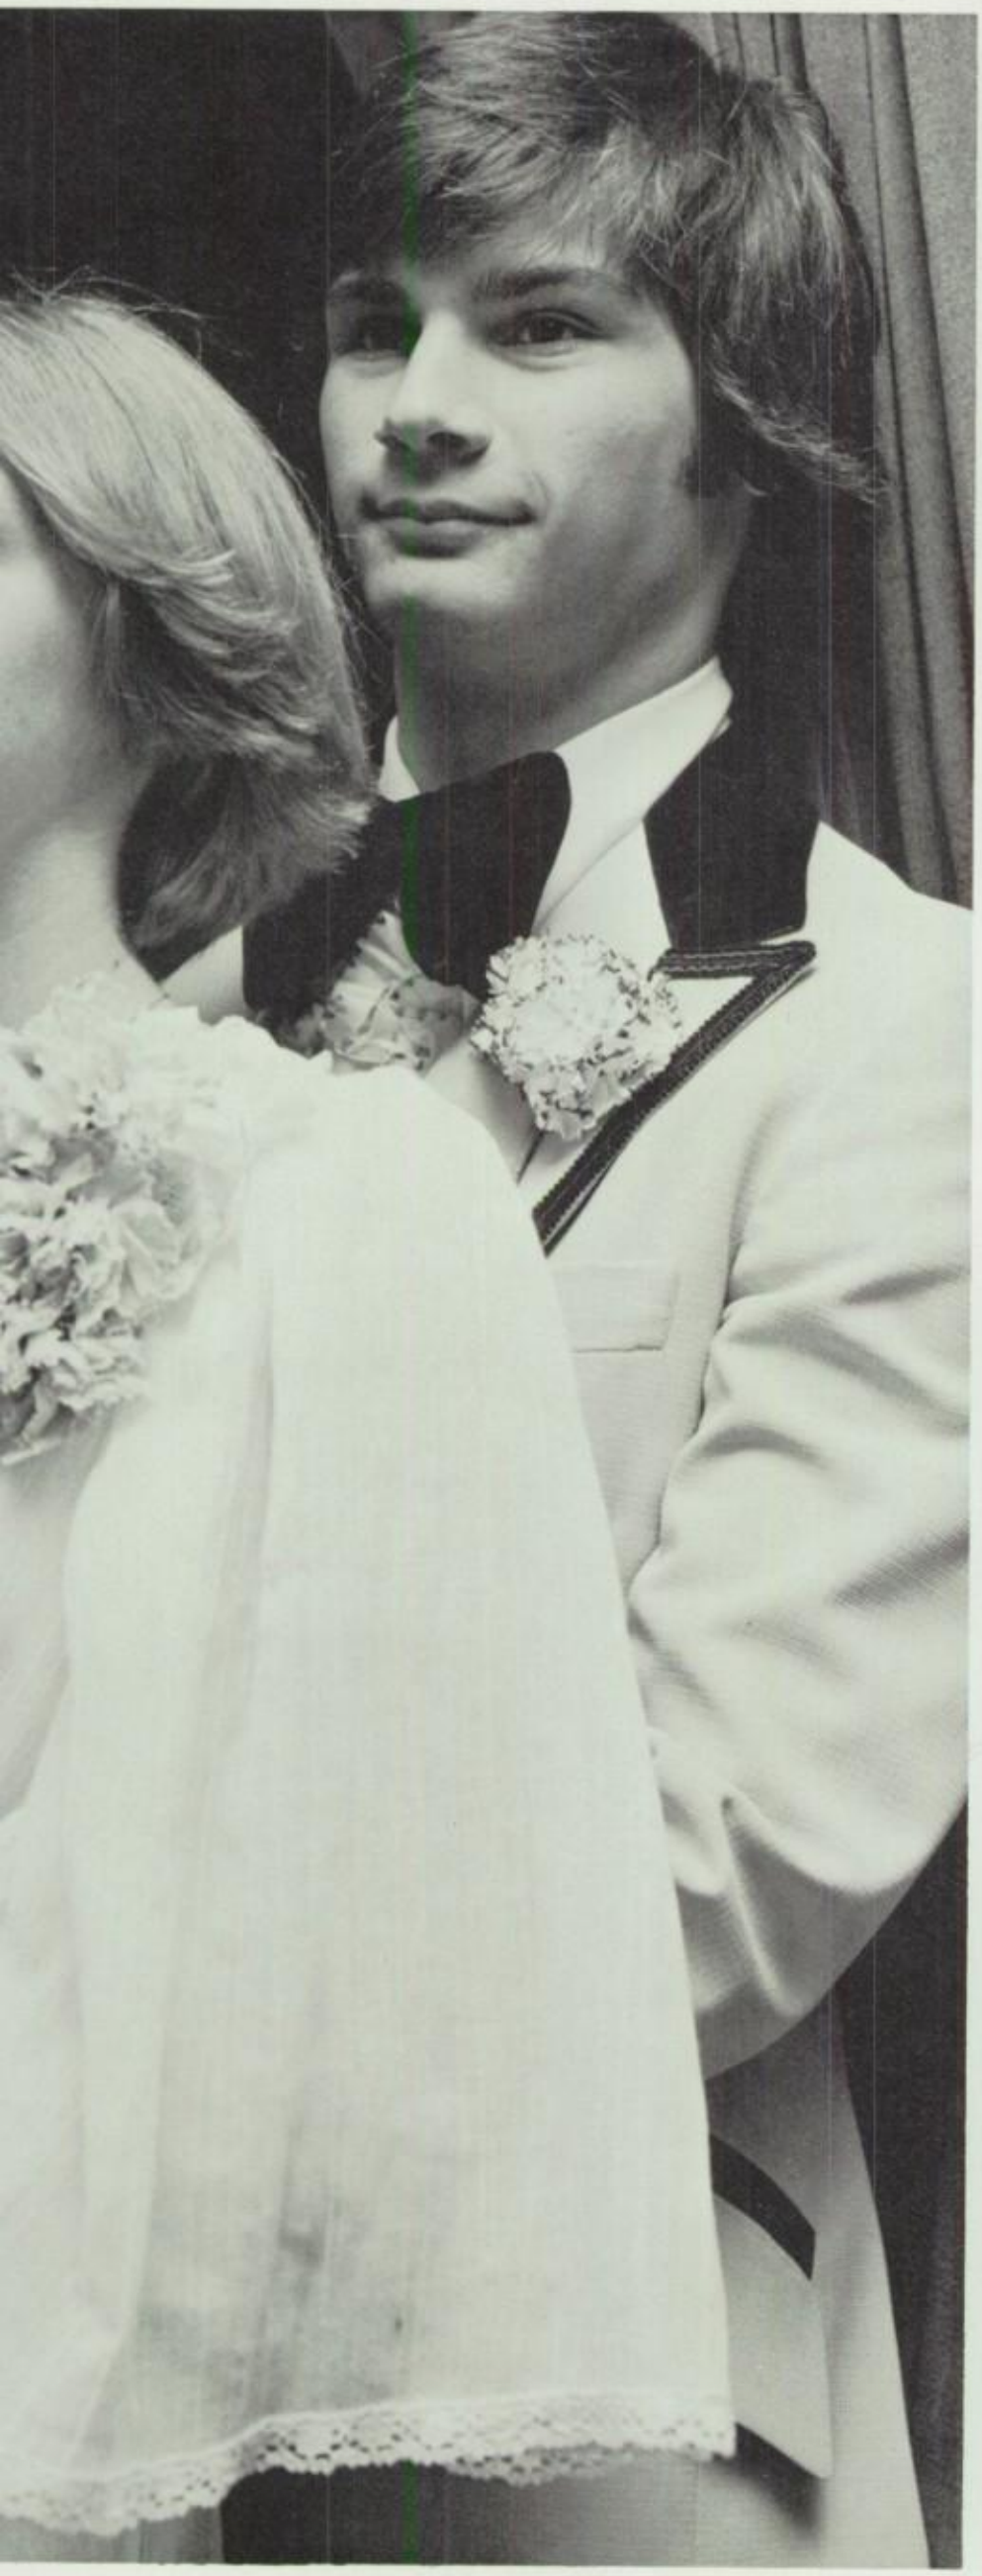


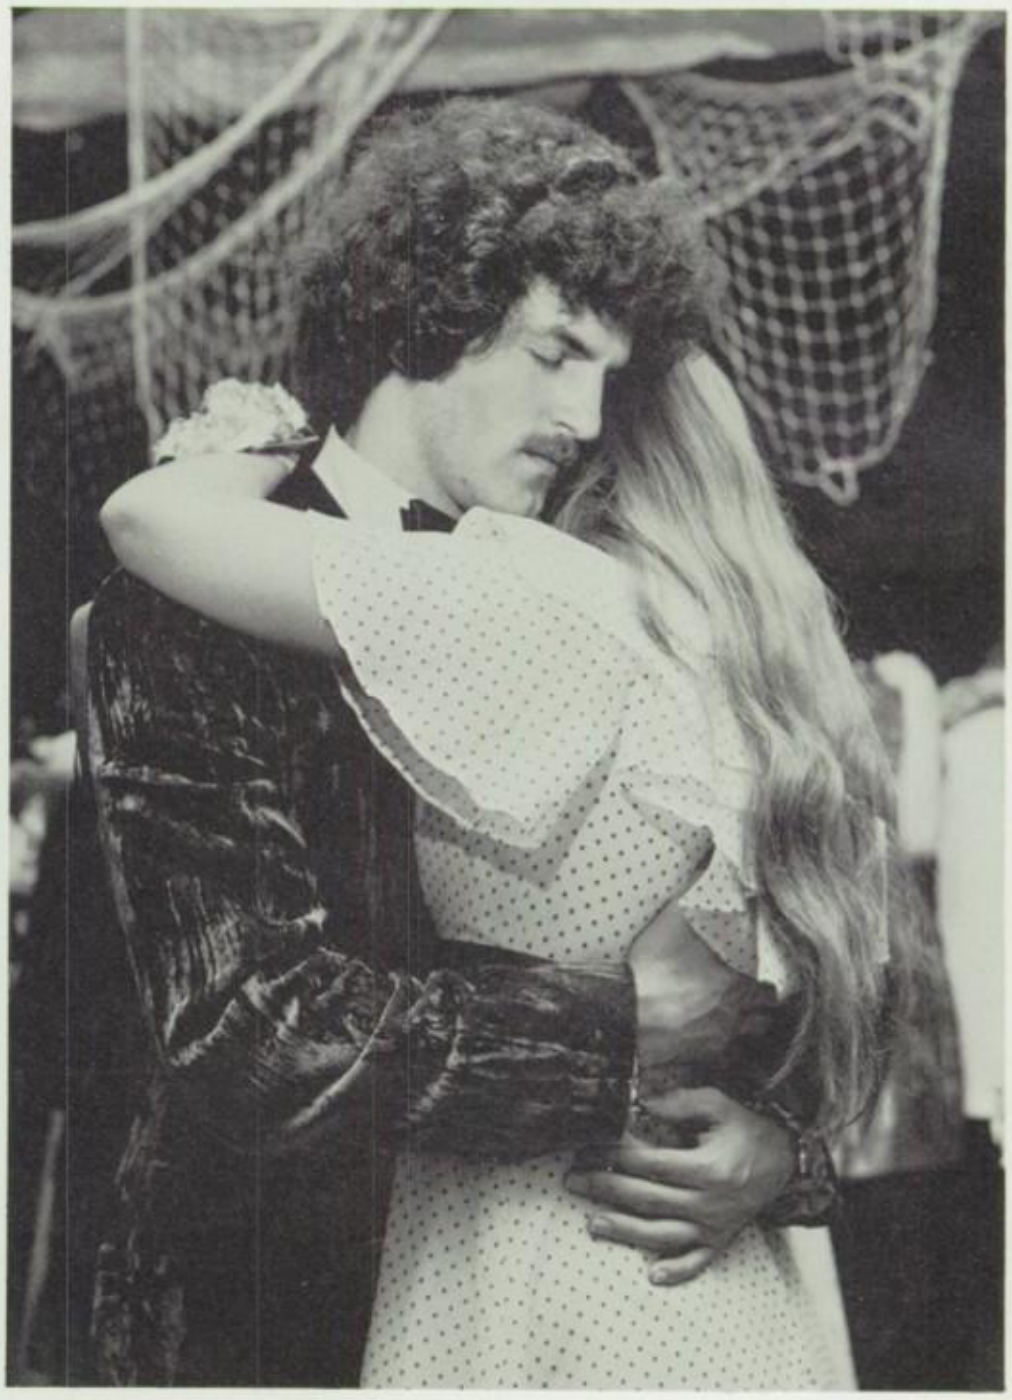
Queen Pam Joseph and King Mark Silver presiding over the 1976 Junior-Senior Prom.

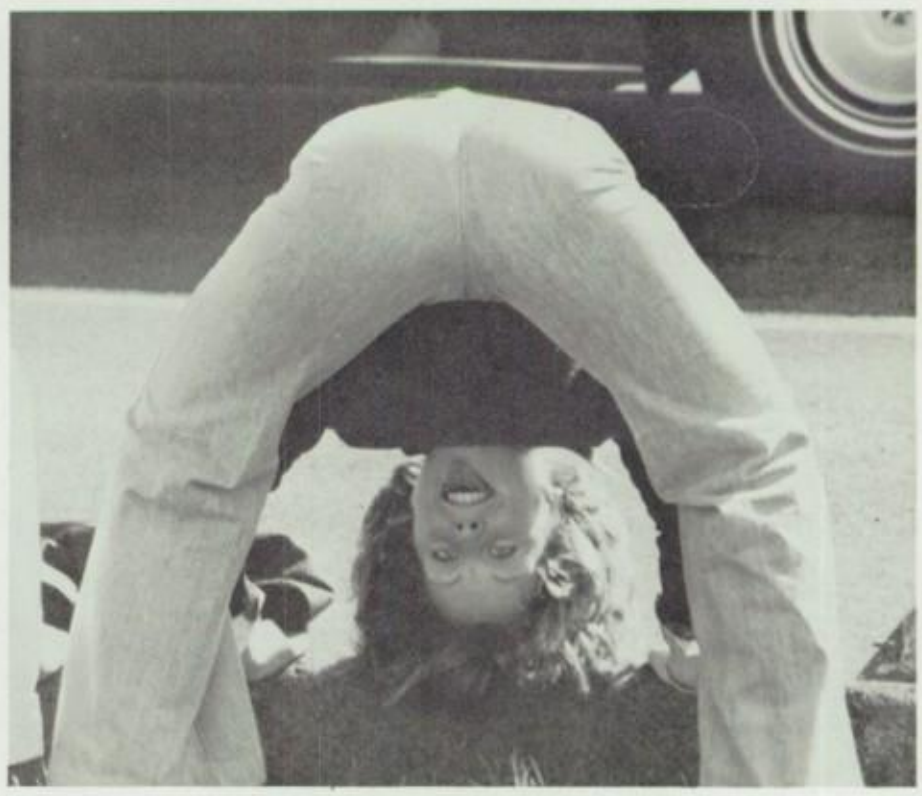


Underwater Paradise, the 1976 junior-senior prom held at the Dayton Inn, was a night of splendor as Butler's girls and guys turned out in a dazzling array of tuxes and long dresses. Music was provided by "Powerhouse" and decorations of sunken treasures, shell dolls, and helium balloons completed the evening of fantasy and dance.

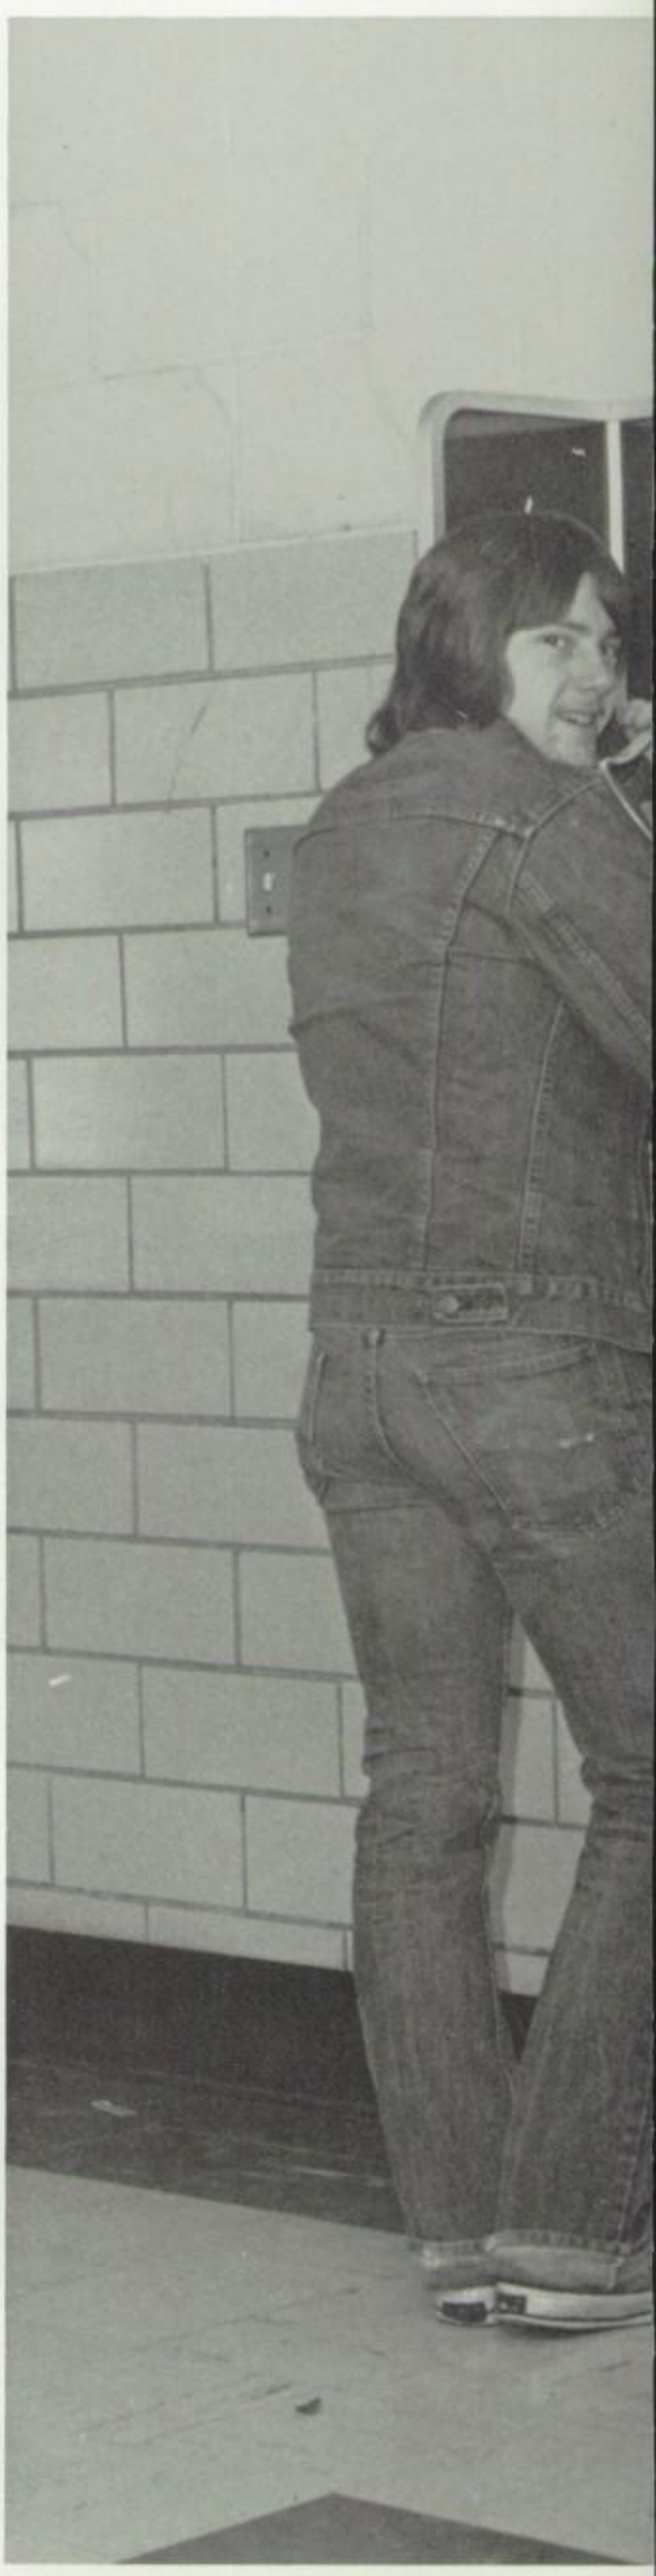








It's spring! Time to get outside and do your thing. It's also countdown til school's out!



Say goodbye to special friends, endless classes, studies, the good times and bad. It's time to clean out your locker, remember for a moment and then go home. School's out for the summer . . .

They really got "fired up" for the next game. The Aviators intercepted three Miamisburg passes to become the victors in the Homecoming game by shutting out the Vikings.

With their spirits still high the "Green Machine" got three more shutouts in their last four games and ended the season in third place.

Maija Seppa Finland
Thanks to all my friends here at Butler for the past year. It has really been a great experience to stay here in the U.S. with good friends and a good host family. I wish you all good luck and a happy life! Goodbye!

Yuki Nishihara Japan
I just want you to know that I've had a great time at Butler. I decided to come here to learn English. I've learned more than English. The one thing I've found is that teenagers at Butler have the same feelings and problems as we do in Japan. No matter what language you speak, people are the same all over the world. This experience at Butler will be a lasting memory for me. Thank you. So long.

John Kakaes Greece
Being at B.H.S. and America during the Bicentennial year, I enjoyed myself so much. It was a very exciting exprerience being with the Aviators. Thanks for giving me a great year. I wish you luck.

Ramon Vilas Spain
First of all, I had a really good and new experience with the different ways of teaching. Student relationships were also a new thing to me. As a result of this experience, I hope to know and understand the American way of life. Thanks to everybody.

Saundra Sim Phillippines
My year at Butler was really nice, I enjoyed every bit of it. Time flys so fast. The year is almost over, soon, it'll be time to leave. People you get close to are hard to leave. Life is like closing one book and opening another one. This time I have more things to look back to, especially the memories of the U.S.

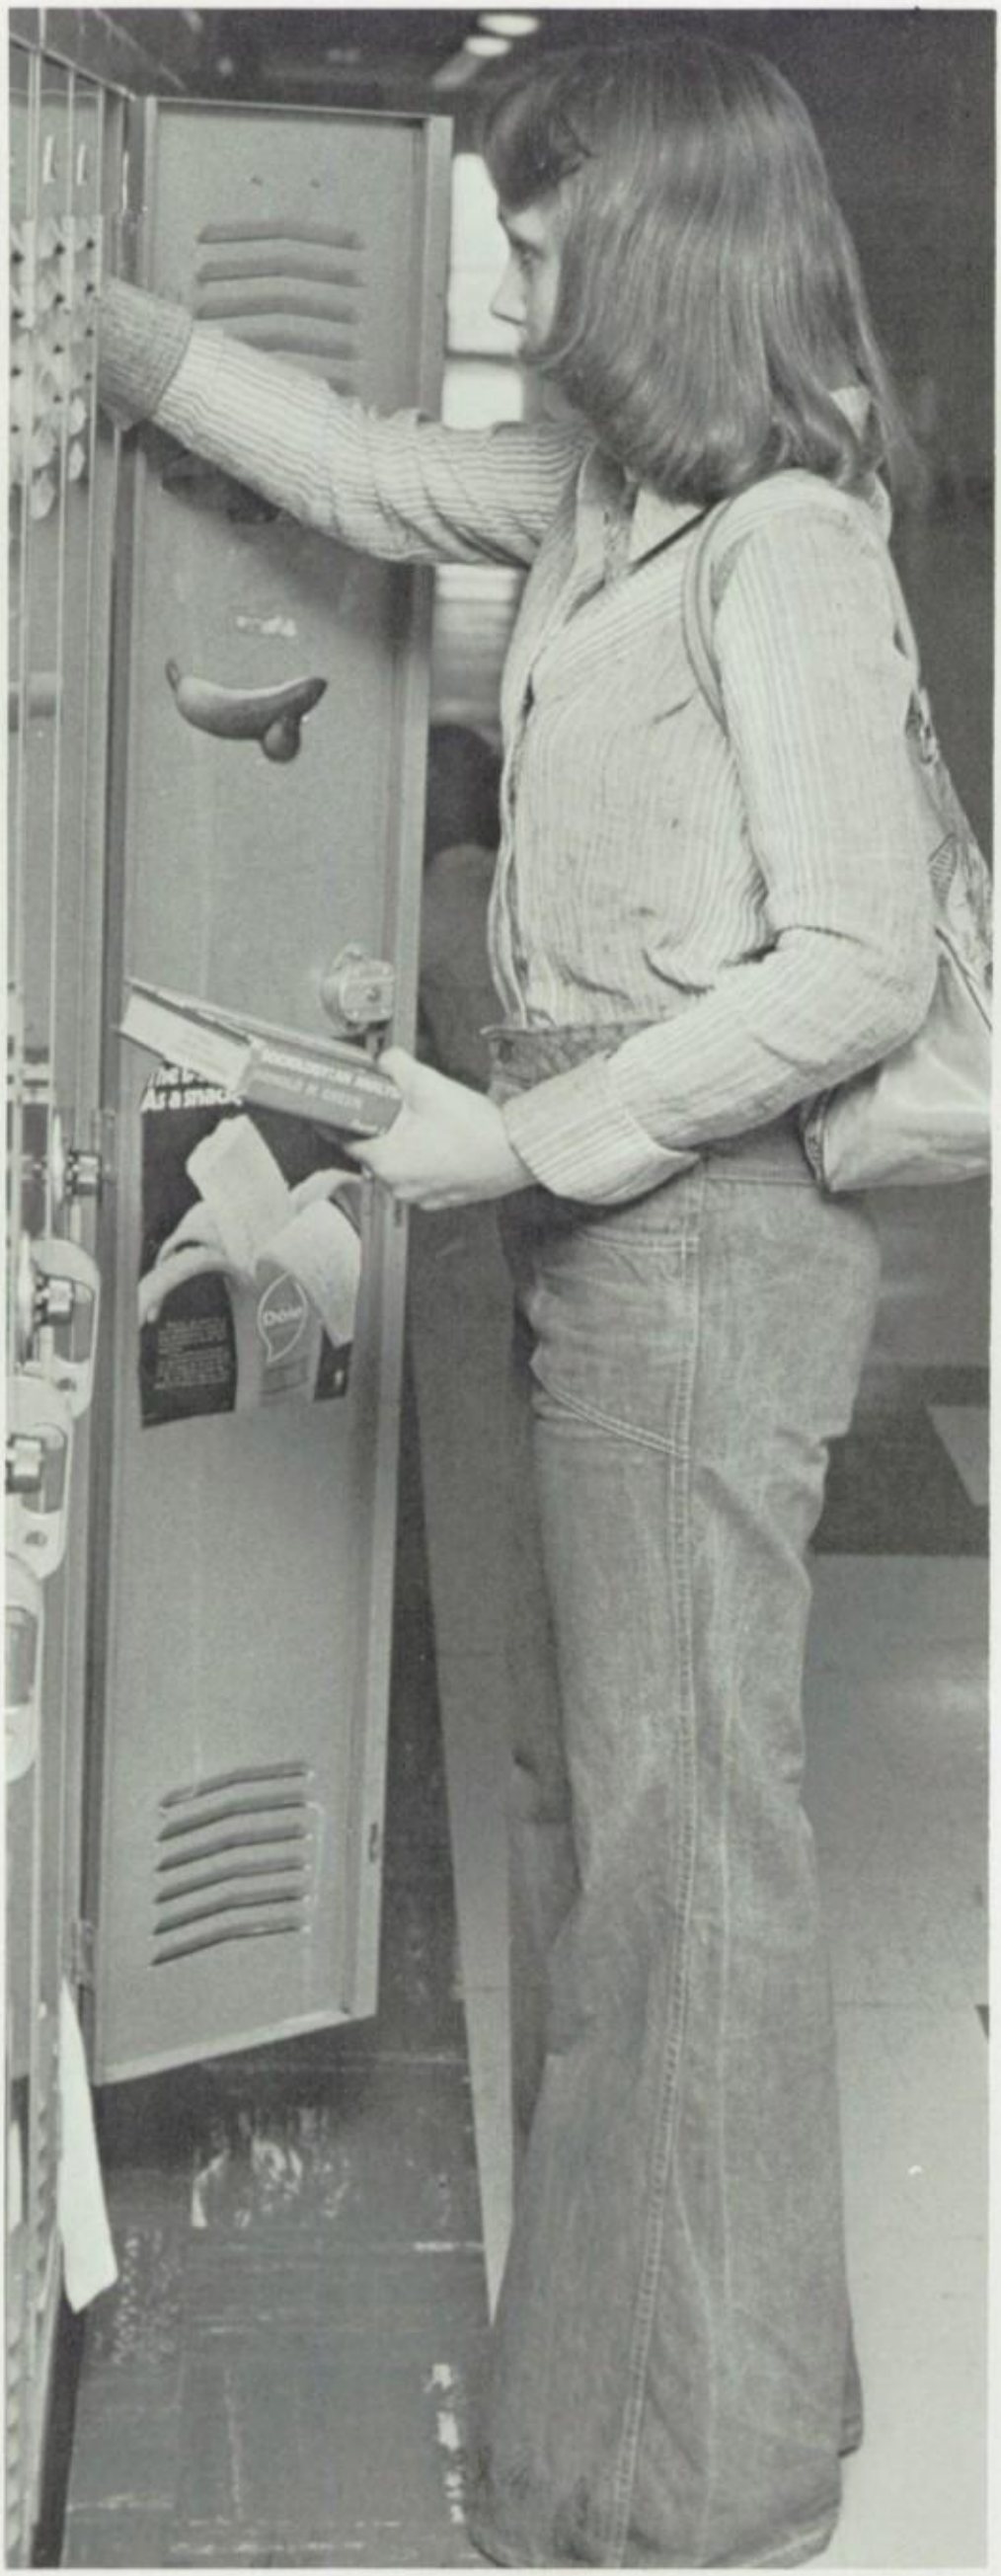
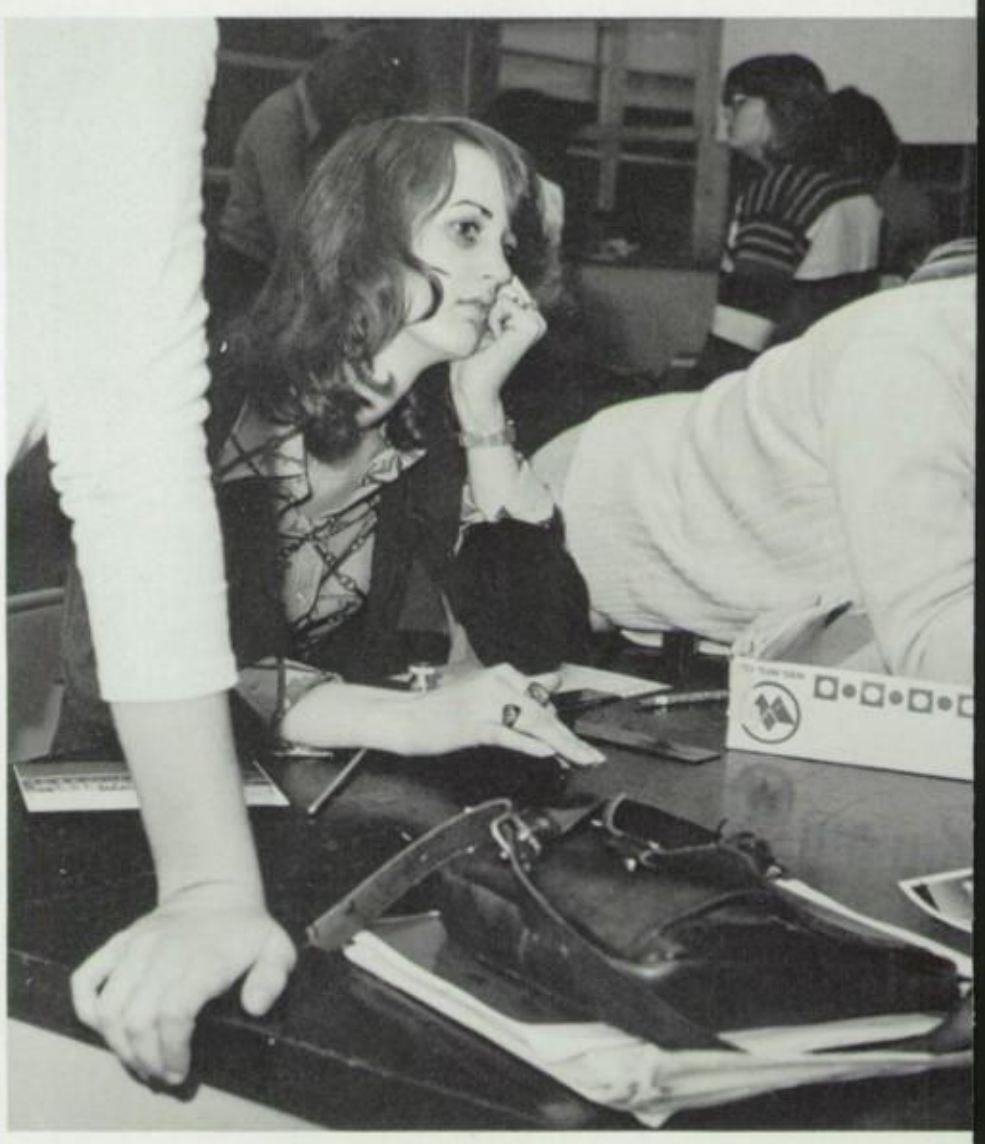
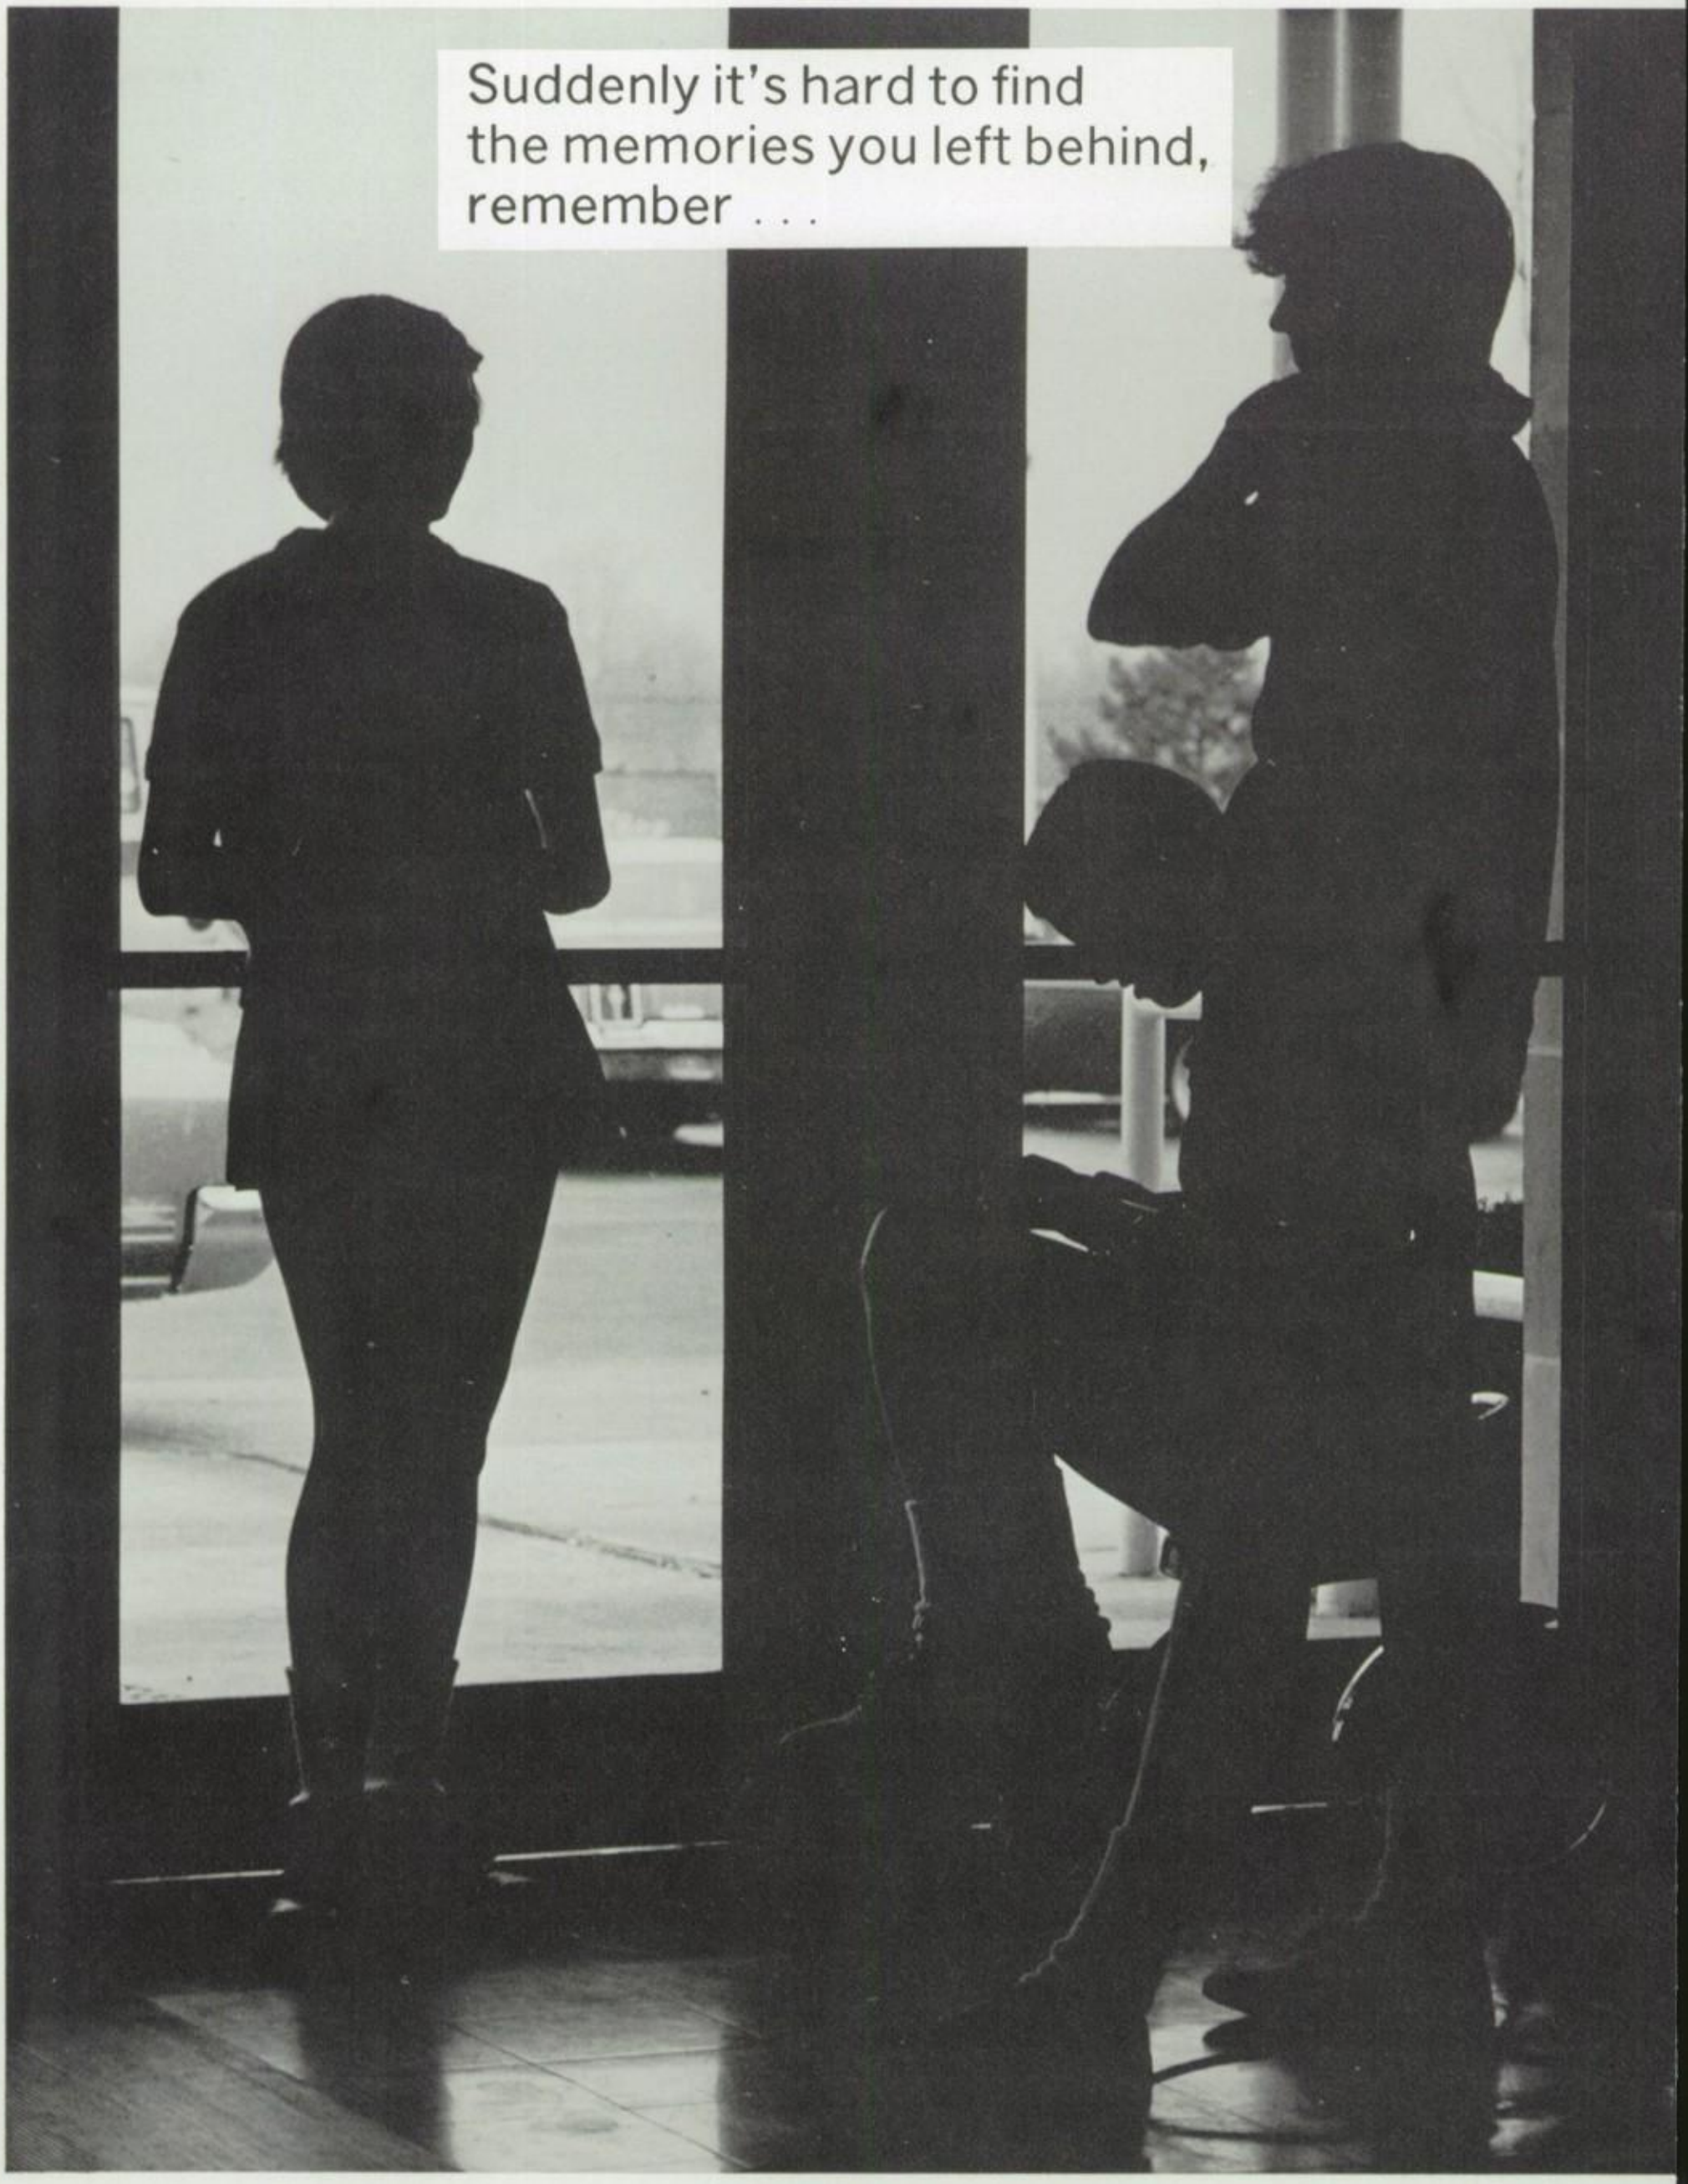
High Life

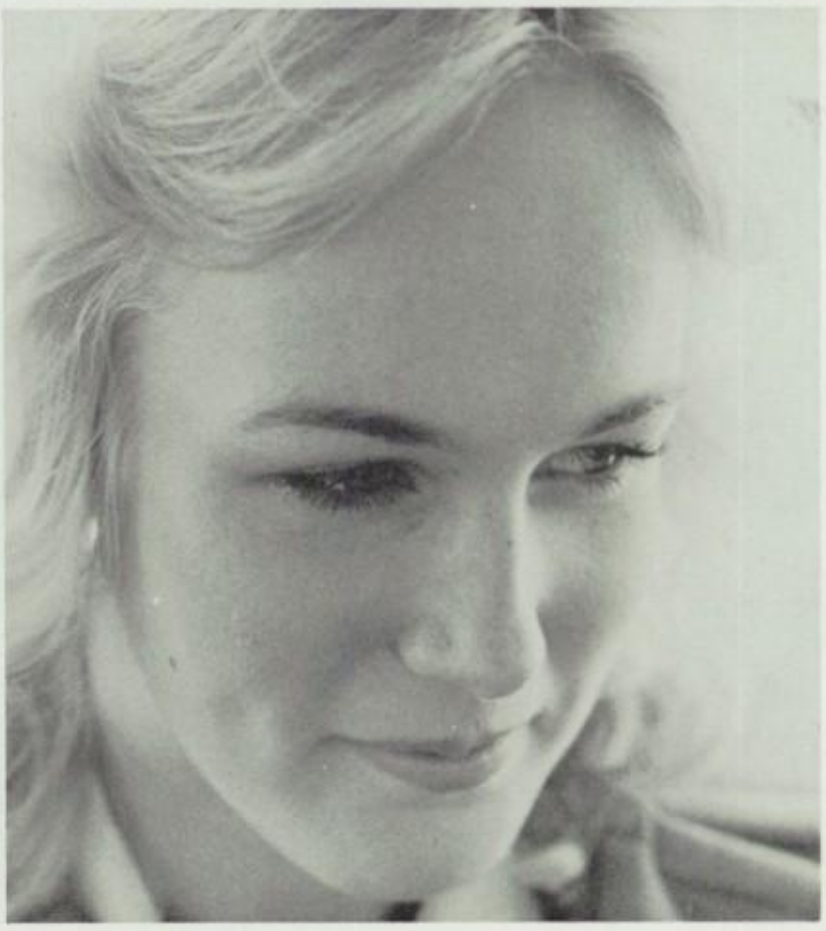


Good morning yesterday,
you wake up
and time
has slipped away.

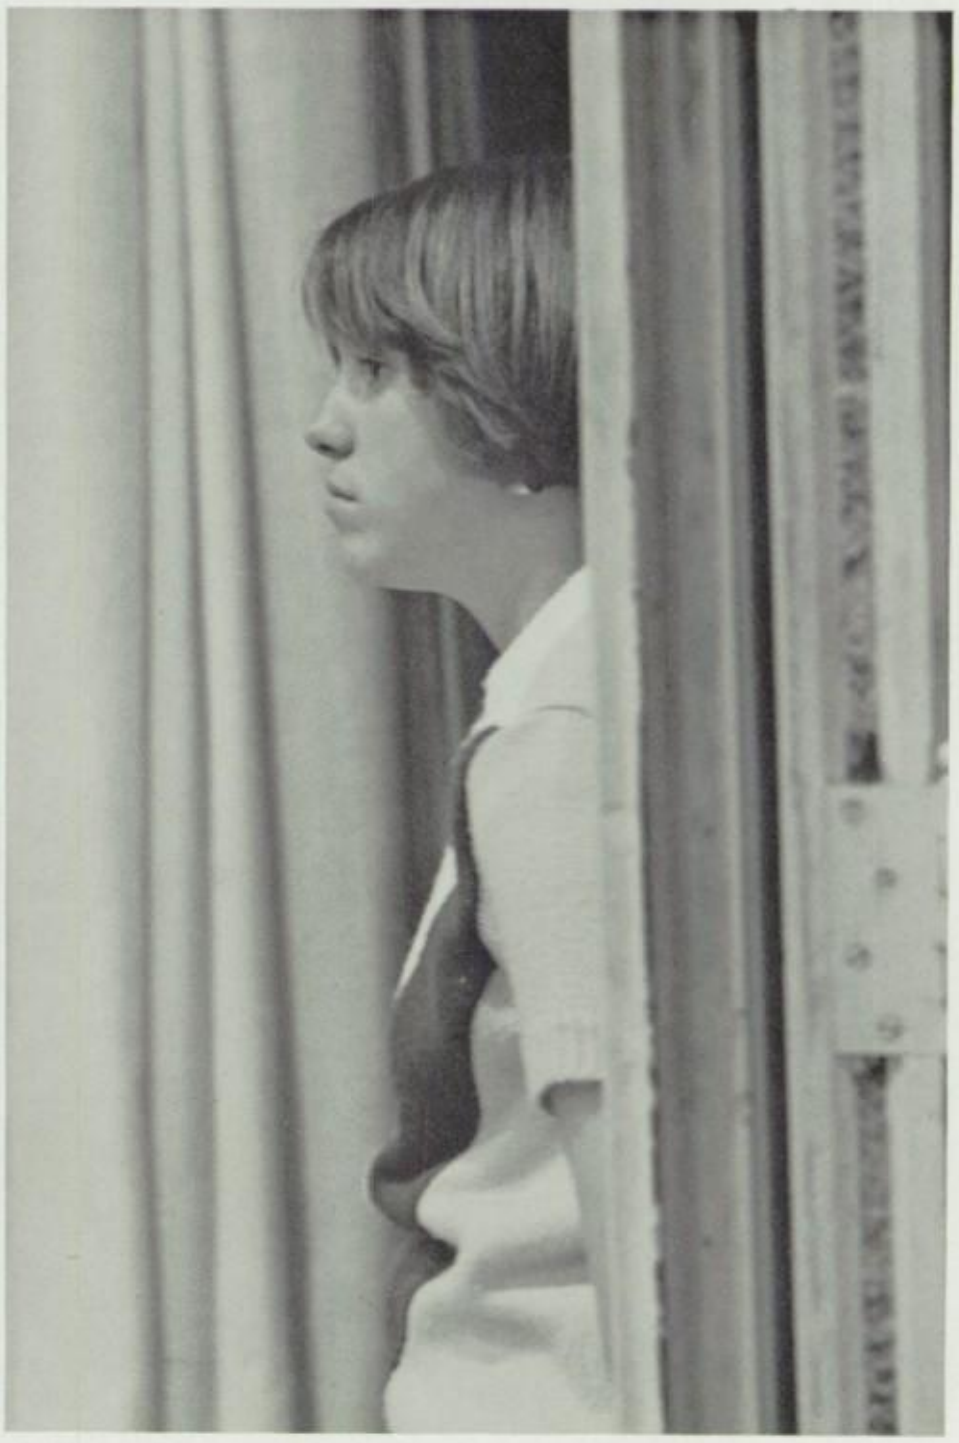


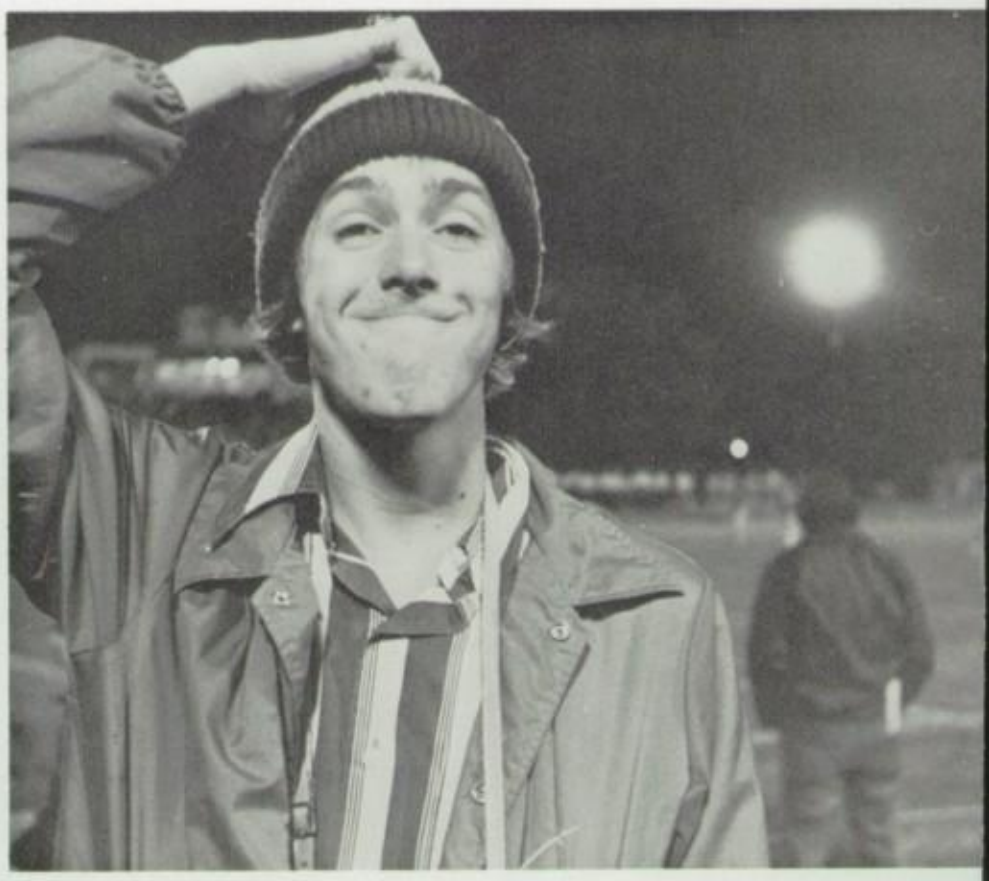


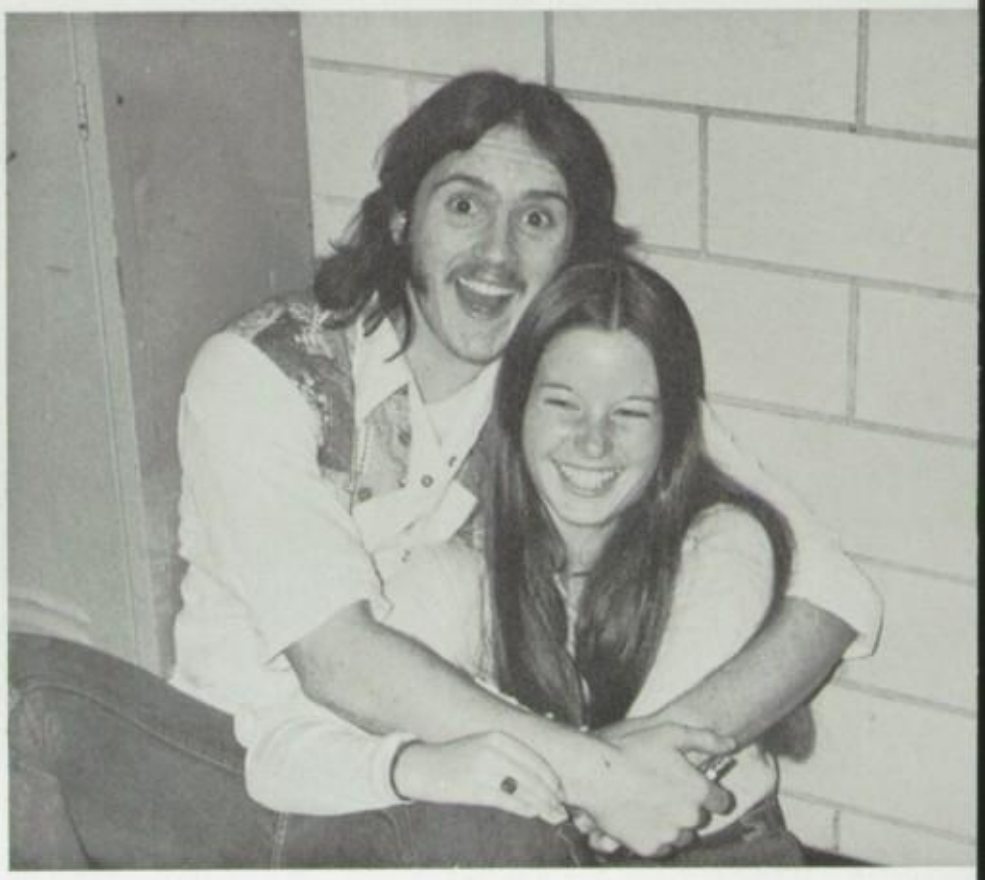
Suddenly it's hard to find
the memories you left behind,
remember . . .



Do you remember
the laughter and the tears
the shadows
of misty yesteryears . . .

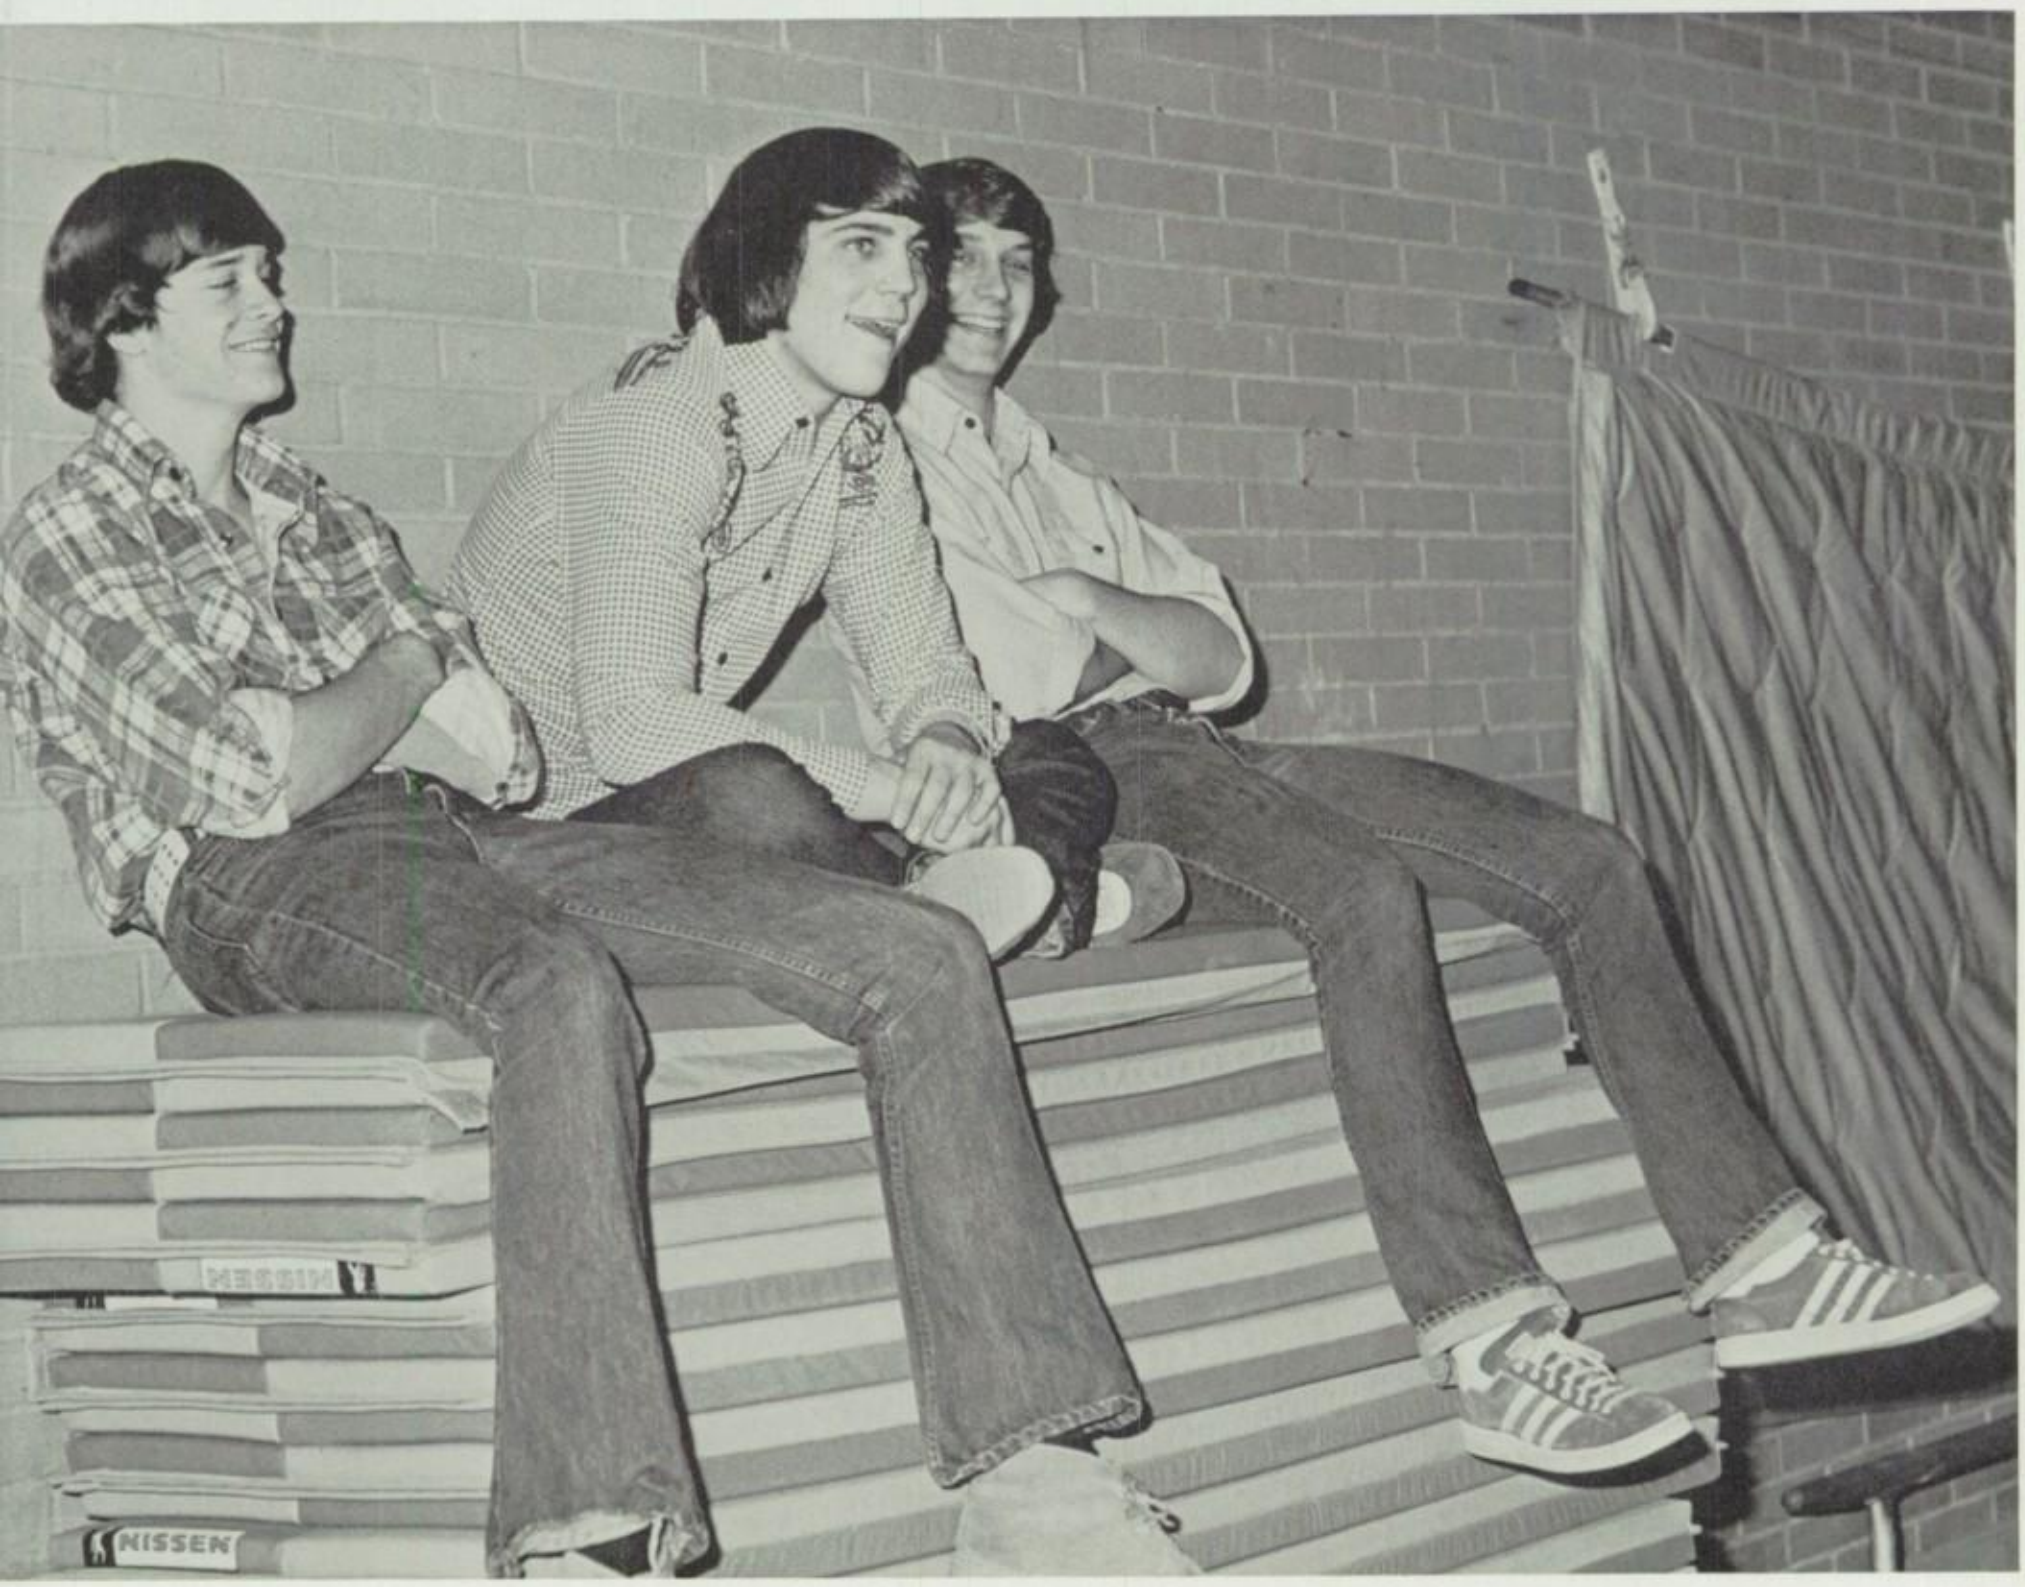






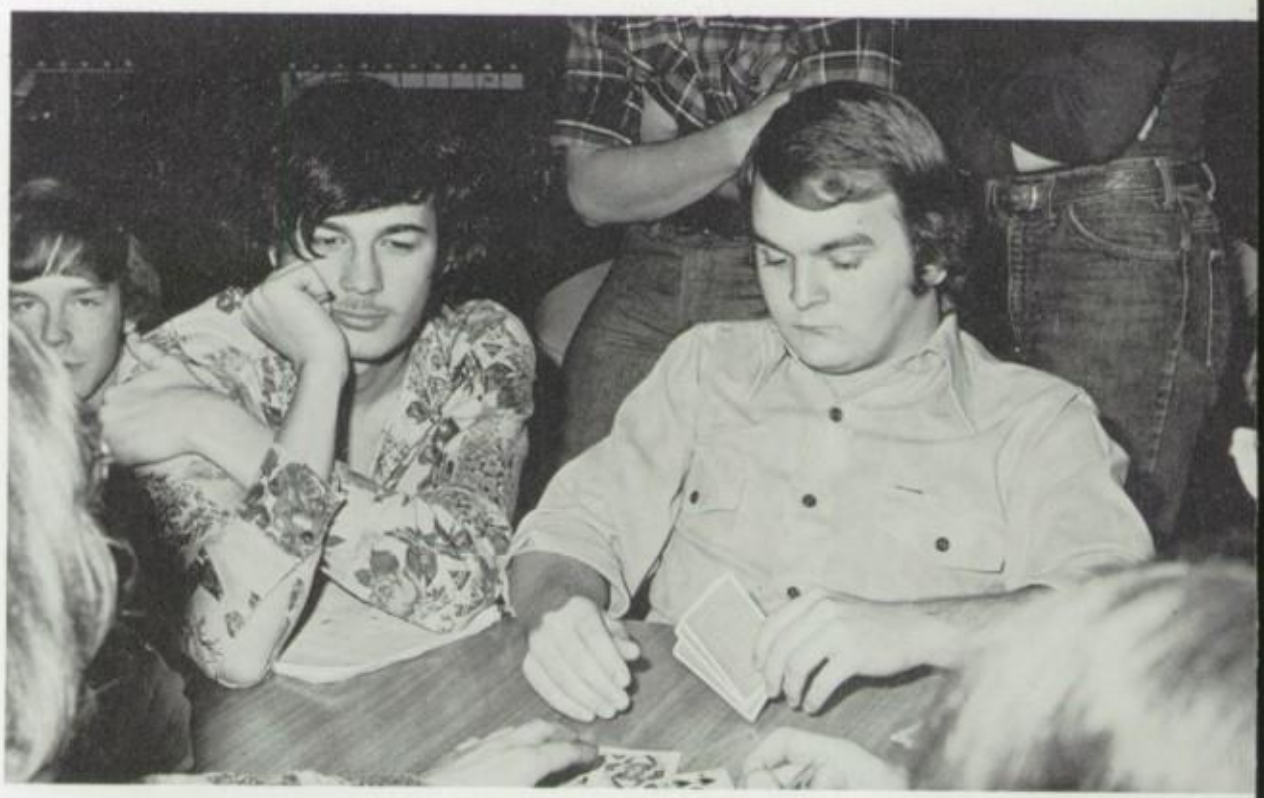
The good times
and the bad you've seen
and all the others
in between
remember . . .

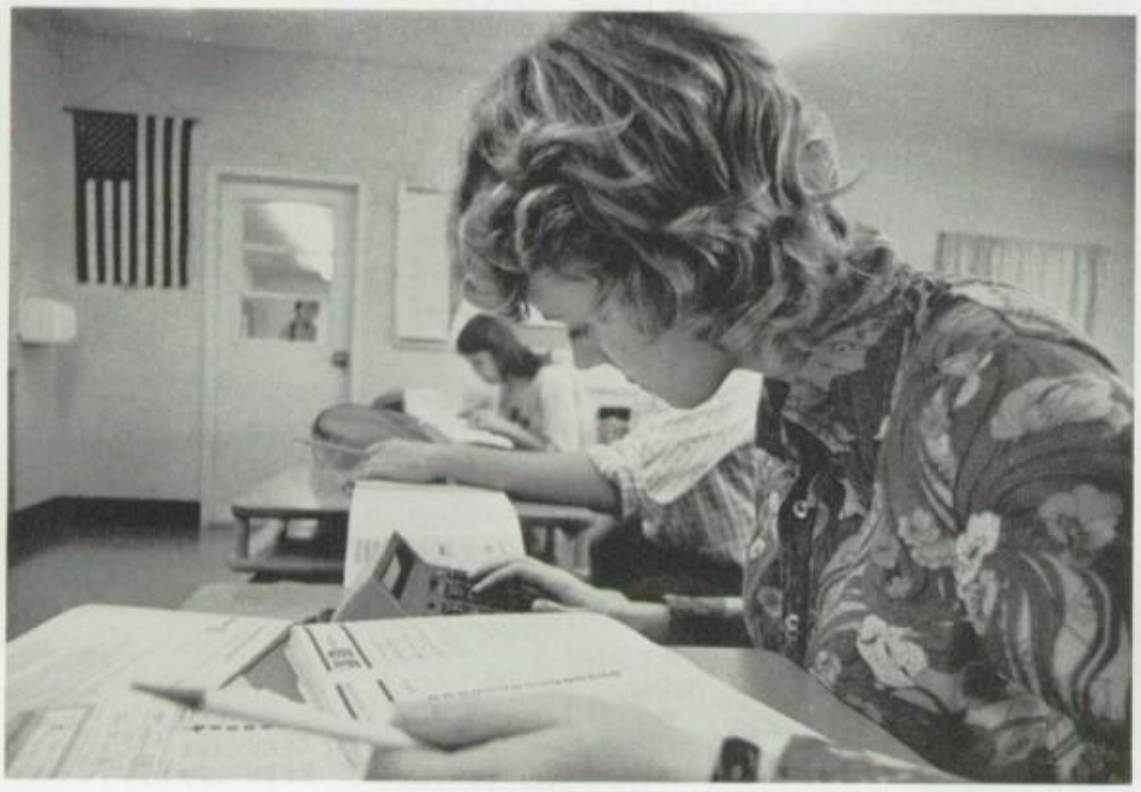
Do you remember
the times of your life.

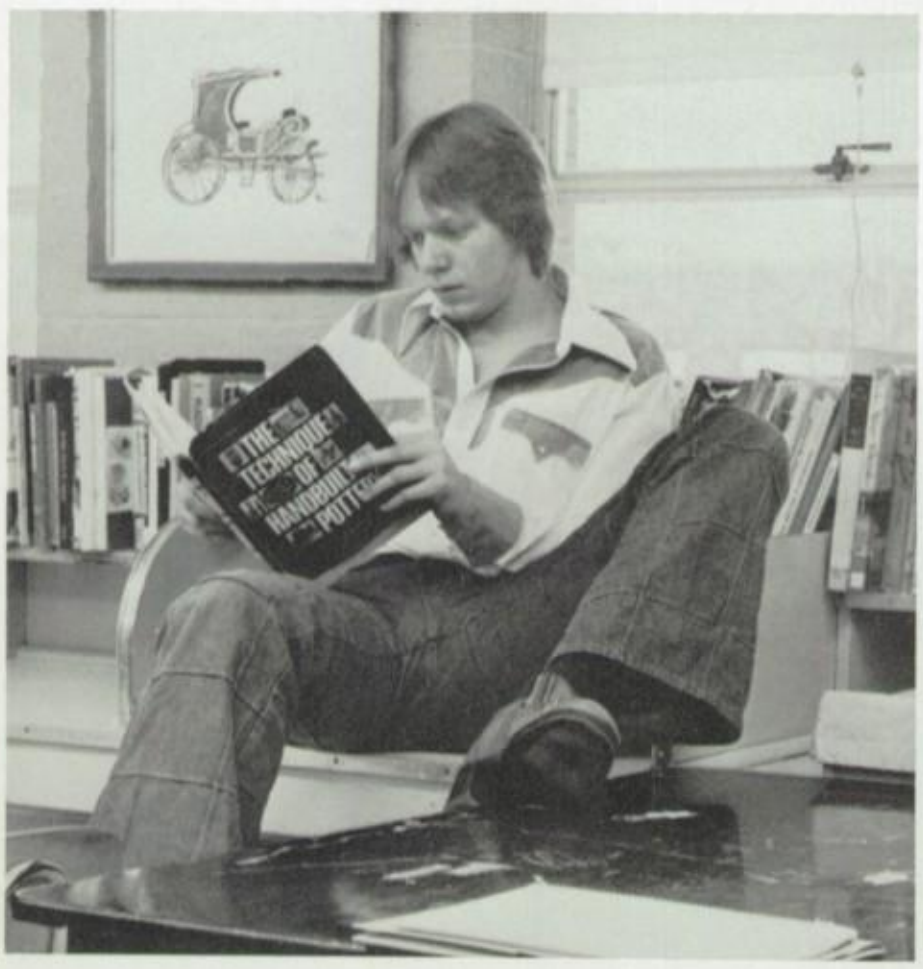


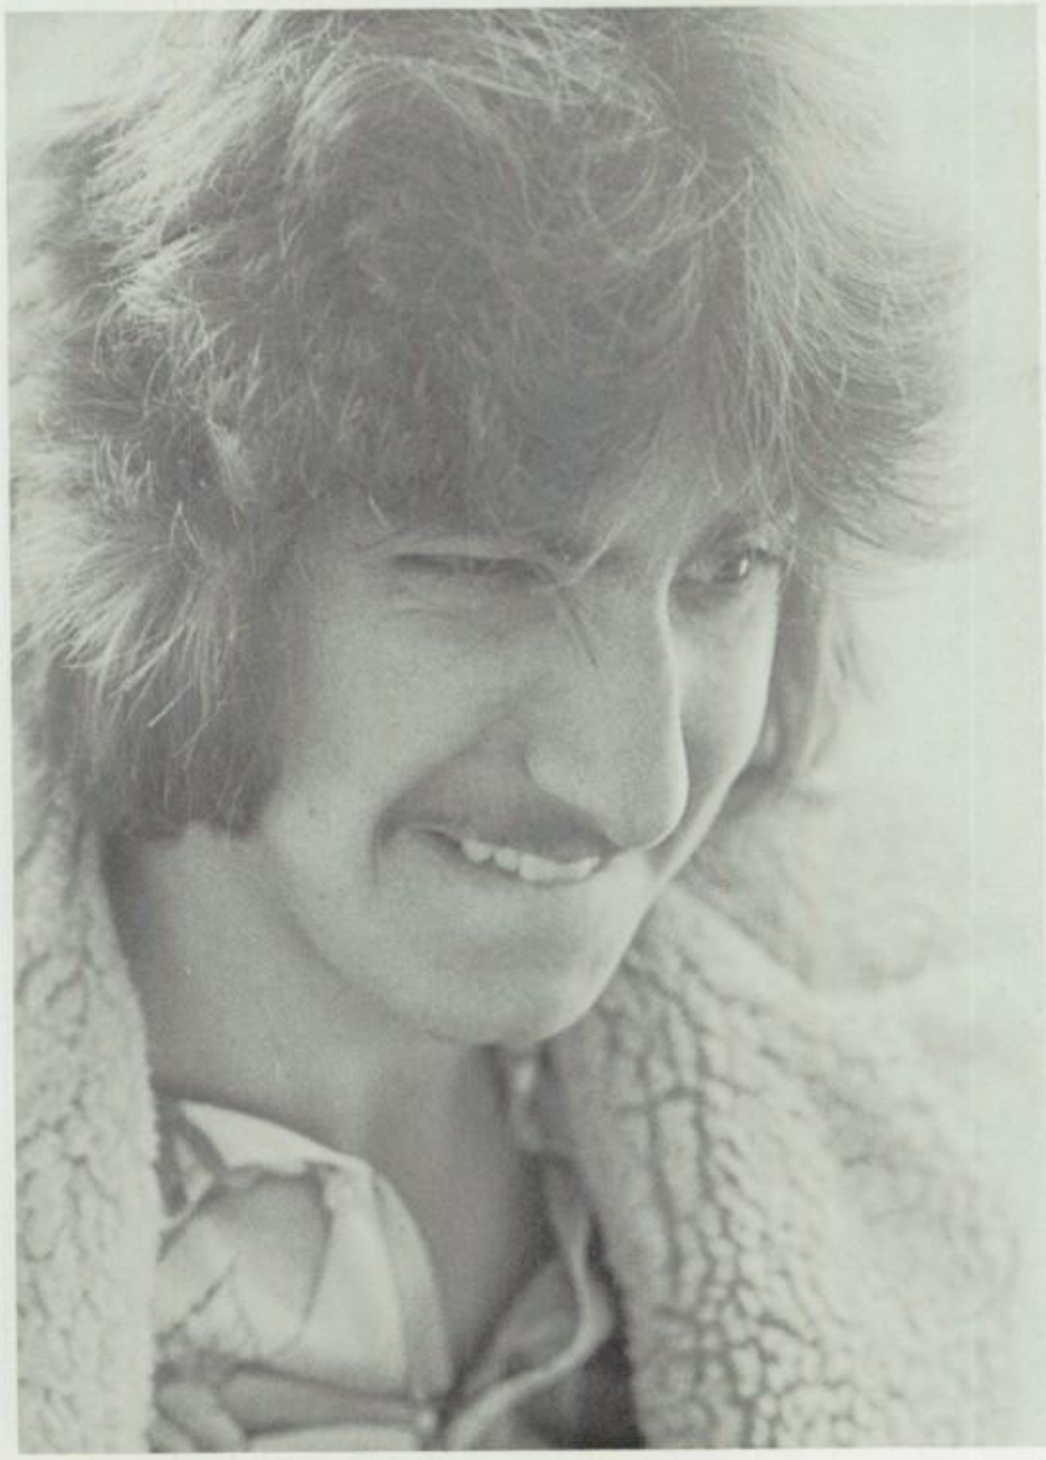
NISSEN

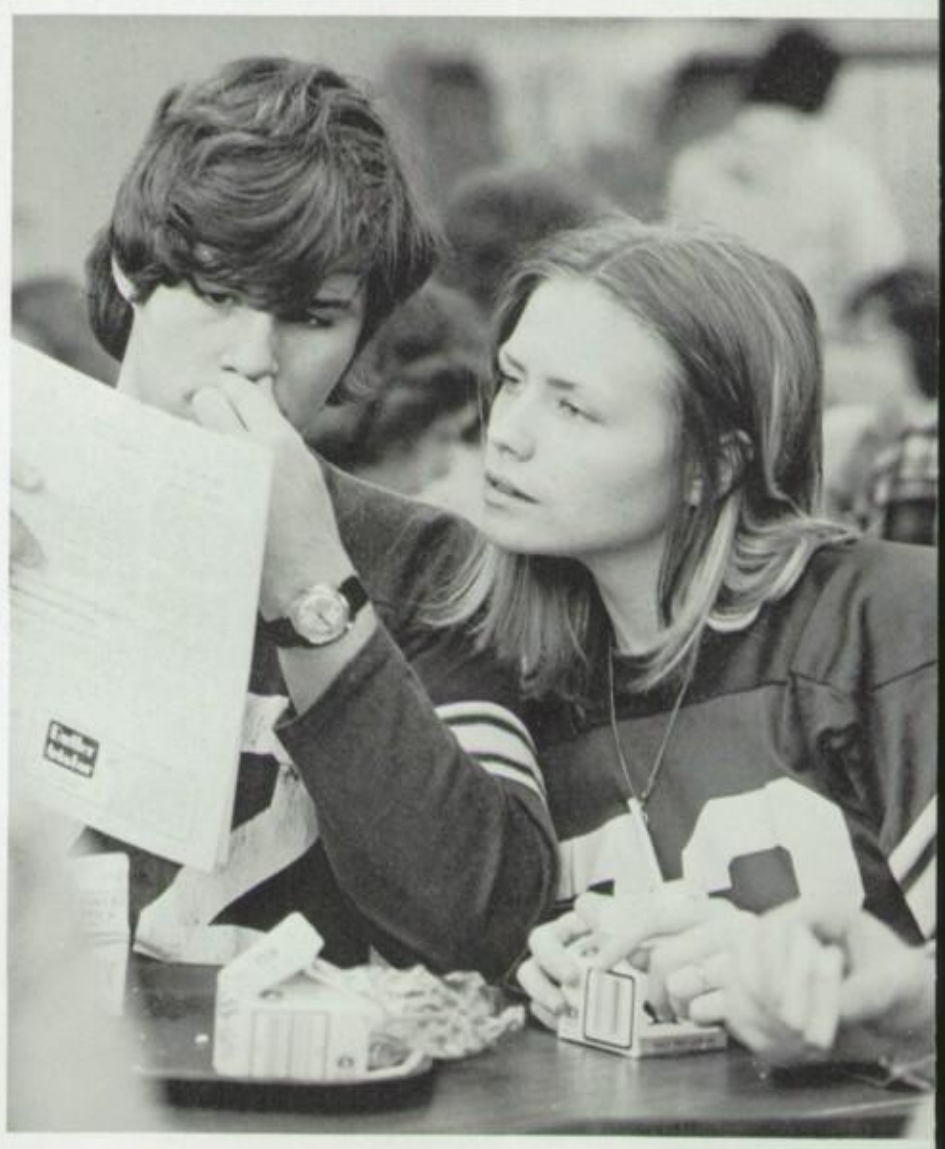
Reach back
for the joy and sorrow
put them away
in your mind
for memories are time
that you borrow
to spend
when you get
to tomorrow . . .



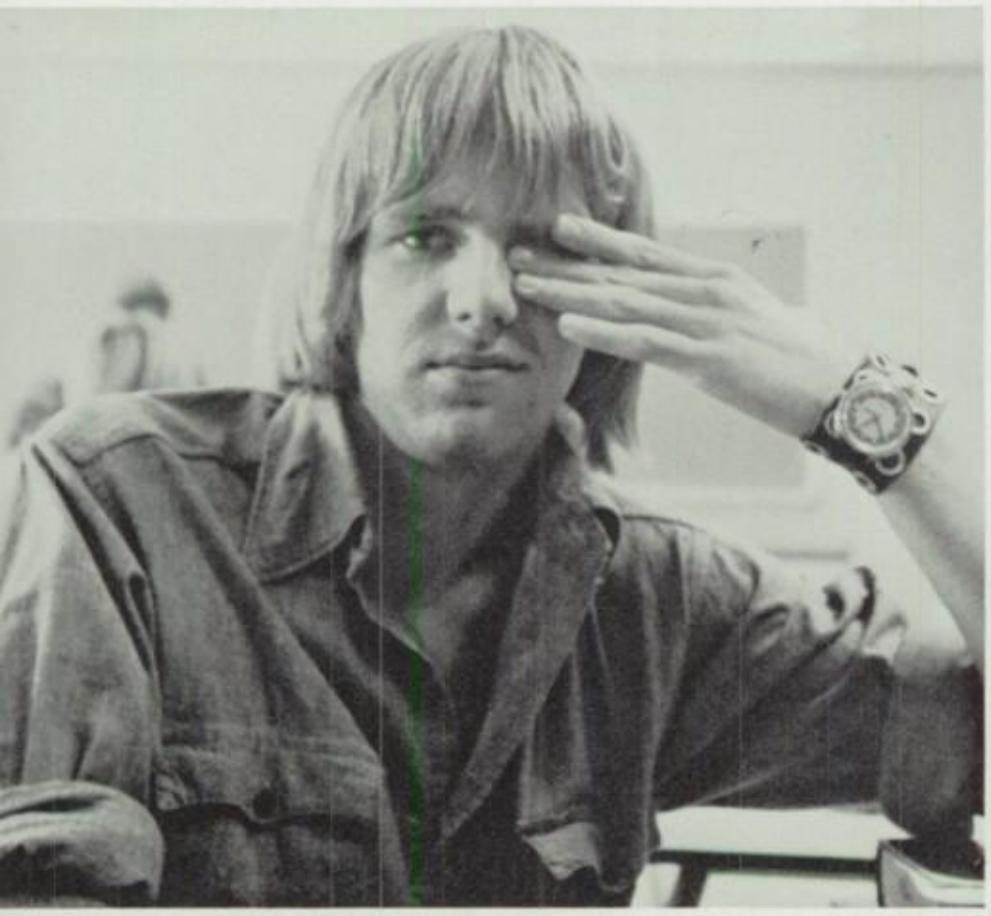


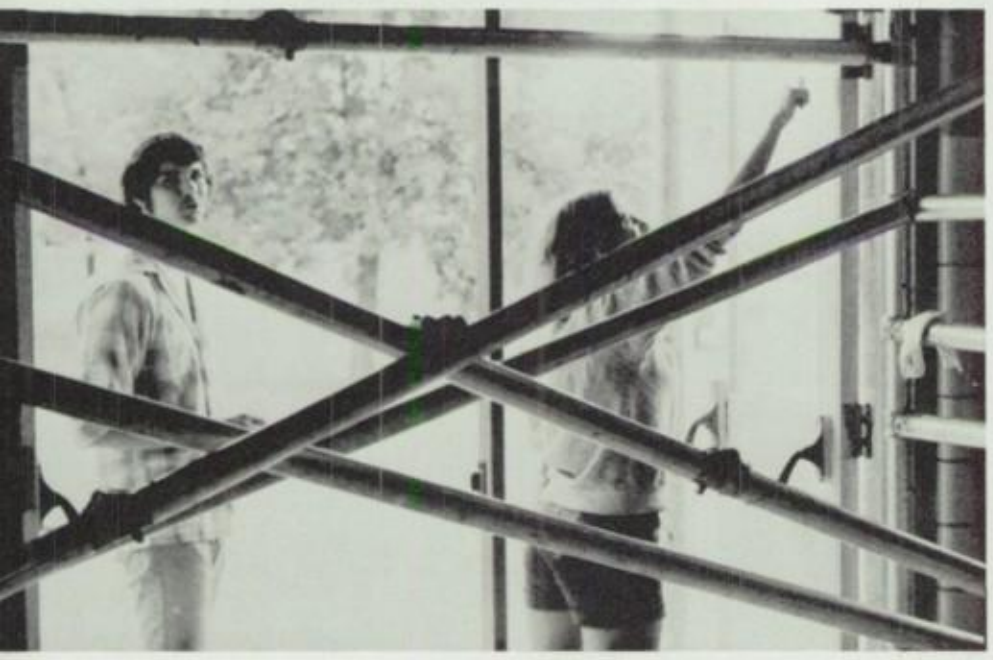




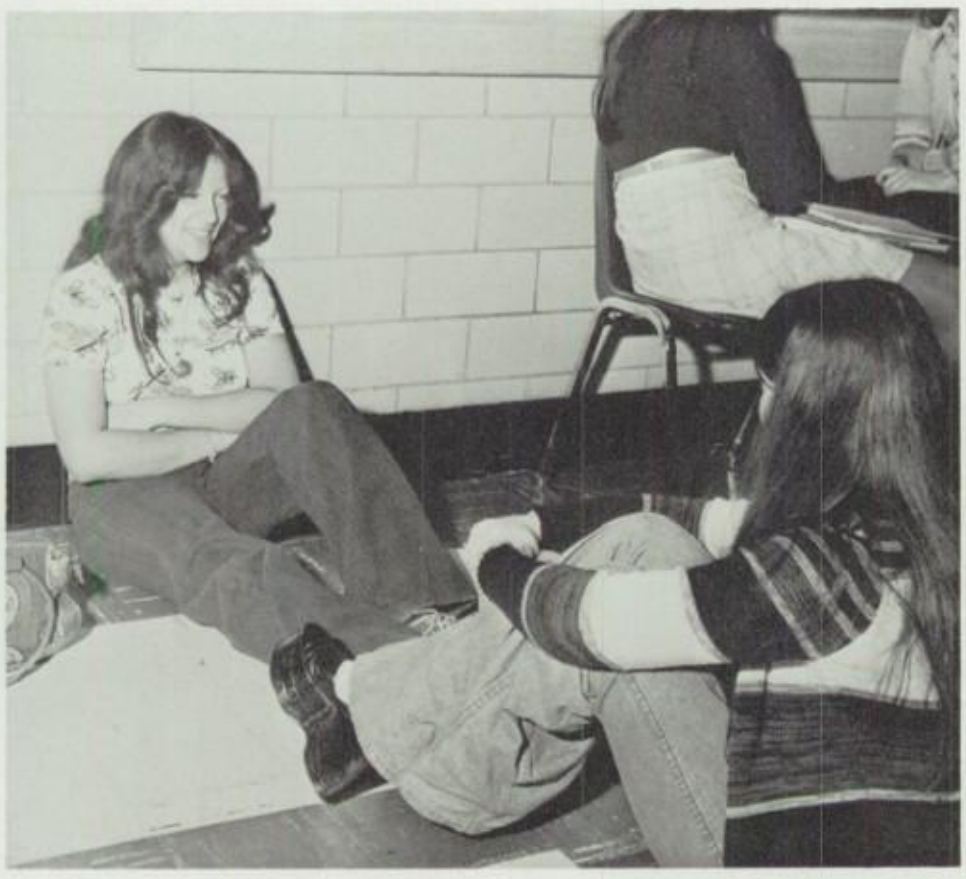


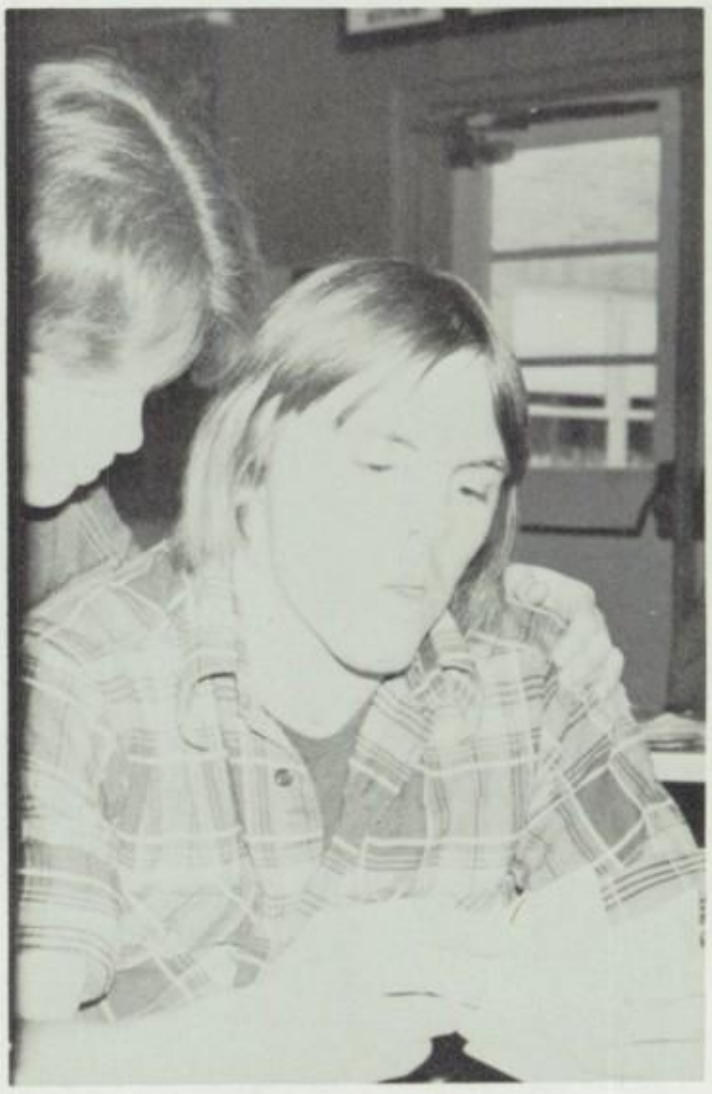
Here comes the
setting sun
the seasons are passing
one by one . . .





So gather moments
while you may
collect the dreams
you dream today





Remember,
will you remember
the times
of your life.

Baby do you remember
the times of your life . . .

A yearbook staff member must be ready to make decisions, meet deadlines and be determined at all costs to finish the book even though the thrill wears thin and the hours seem endless. Those few who survive know the rare experience of reading through a book they have helped put together.

The yearbook is a visual review of the year. A photo captures a mood, a feeling, a moment of time. In a sense, the yearbook is an instant replay of the events that occur when 1200 people get together. The possibilities are endless, the occasions are so numerous, and we are just a few. We hope that we have covered the year well, and that Playback 76 will bring back pleasant thoughts even as the actual days at Butler fade into memory.

Mrs. Talcott

PLAYBACK is our attempt to recapture
the special moments of '76.
Through the media of film,
we can review our mood,
relive the daily emotions and remember
momentarily the events that spanned
our lines from September to June.
We invite
you to think back and remember
1976 . . .
